Unit description

This unit comprises an external practical placement of approximately 250 hours workload. The type of external placement experience is determined largely by APAC, who require specific experiences over the three external placement units. The experiences can be completed in any order. Placements vary in the exact experiences available to students, but can include assessing clients; applying various therapeutic interventions; and developing the professional skills of a clinical psychologist. In this unit students are still supervised closely but develop increased independence. Students are required to complete at least a thousand hours across all placements in the program to meet accreditation requirements.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>
