Unit description

The fundamentals of financial management are introduced from the perspective of the finance manager in a firm, namely those making investment, financing and dividend decisions.

Finance theory is applied with the aim of providing a coherent framework and insights to assist in forming reasoned judgements. Case studies and financial planning models are used to provide context. The unit covers methods used in evaluating investment projects, assessing risk for competing projects, valuation and capital structure.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Apply finance theory, frameworks and methods to form evidence-based and strategic investment solutions for a range of problems.

ULO2: Evaluate the implications of a firm's finance and investment decisions/strategies for stakeholders both as an individual and a group.

ULO3: Analyse and employ models of business finance performance to measure and track the firm's value creation across the firm's operations both as an individual and a

group.

General Assessment Information

Late submissions of assessments

Unless a Special Consideration request has been submitted and approved, no extensions will be granted. There will be a deduction of 10% of the total available assessment-task marks made from the total awarded mark for each 24-hour period or part thereof that the submission is late. Late submissions will only be accepted up to 96 hours after the due date and time.

No late submissions will be accepted for timed assessments – e.g., quizzes, online tests.

Table 1: Penalty calculation based on submission time

Submission time after the due date (including weekends)	Penalty (% of available assessment task mark)	Example: for a non-timed assessment task marked out of 30
< 24 hours	10%	10% x 30 marks = 3-mark deduction
24-48 hours	20%	20% x 30 marks = 6-mark deduction
48-72 hours	30%	30% x 30 marks = 9-mark deduction
72-96 hours	40%	40% x 30 marks = 12-mark deduction
> 96 hours	100%	Assignment won't be accepted

Special Consideration

To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a [Special Consideration application](#). An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.
