Unit description

The ability to generate strategic insights is an expectation for the "future of work" but what does this actually mean? Are there universal principles of strategic thinking that can help us become more effective at developing insights? And how can these strategic insights help an organisation become more competitive? This unit examines the basic elements of strategy through a set of rich and nuanced business models. It covers classic strategic questions and topics with an emphasis on diverse and emergent themes, such as open innovation and strategy, networks, platforms and other business model innovations, and the processes and practices of strategy, and their effects. Students apply the tools and techniques of contemporary strategic analysis and also reflect on the doing of strategy in the context of their own business or workplace, and other real cases. In parallel, students are encouraged to develop a reflective and critical perspective on the implications and impacts of taken-for-granted strategy thinking, concepts and tools, and conversely are asked to consider the future of strategy, centred on how strategic management can provide solutions for pressing sustainability-related societal-level challenges.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Critically consider the forces that shape competition for economic exchanges.

**ULO2:** Analyse the sources of value in company offerings and how markets are segmented based on differences in perceived value.

**ULO3:** Evaluate and develop strategic options that are suitable, feasible, and acceptable.

**ULO4:** Effectively communicate a strategy in a way that is relevant, concise, and actionable

## General Assessment Information

### Late submissions of assessments

Unless a Special Consideration request has been submitted and approved, no extensions will be granted. There will be a deduction of 10% of the total available assessment-task marks made from the total awarded mark for each 24-hour period or part thereof that the submission is late. Late submissions will only be accepted up to 96 hours after the due date and time.

No late submissions will be accepted for timed assessments – e.g., quizzes, online tests.

Submission time after the due date (including weekends)	Penalty (% of available assessment task mark)	Example: for a non-timed assessment task marked out of 30
< 24 hours	10%	10% x 30 marks = 3 mark deduction
24-48 hours	20%	20% x 30 marks = 6 mark deduction
48-72 hours	30%	30% x 30 marks = 9 mark deduction
72-96 hours	40%	40% x 30 marks = 12 mark deduction
> 96 hours	100%	Assignment won't be accepted

### Special Consideration

To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.

### Word limits

Anything beyond a stated assessment word limit (other than your reference list) may not be marked. Seek any further clarification from the unit convenor.

## Delivery and Resources

Please refer to the unit content on Coursera.

## Unit Schedule

Refer to the timetable information on the [GMBA website](#) or [MQ Timetable Portal](#) for Live Event session timings. Please note the timetable can be subject to change. See your Coursera unit for a detailed Live Event schedule.

Live Events will take place via Zoom each week starting in Week 1 and ending in Week 6. The links to the events will be active from 10 minutes prior to the scheduled time and are available via *Live Events* in the left-hand navigation menu in your Coursera unit.

You will need to use your Macquarie University student Zoom account to access the Live Events.

Attending the Live Event each week is an opportunity to engage with the unit content, your Unit Convenor, and classmates. Students are strongly advised to attend the Live Events. Recordings will be made available in the unit contents on Coursera shortly after the event.
