Unit description
This unit focuses on general principles of research and the use of research methods in language studies. It covers the whole process of research from choosing a topic, searching the related literature on the topic, and formulating research questions, to collecting and analysing data and writing up research reports. The exploration of quantitative, qualitative, mixed-methods, discourse analysis and corpus linguistics methodologies develops students' research literacy to understand research reports and to design research projects. Research ethics and writing up a formal research proposal are two other components of this unit.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Identify and communicate a research topic to a professional audience
ULO2: Critically review and synthesise published literature related to the topic of your proposed research and communicate with a professional audience
ULO3: Explain the basic underlying principles of five broad research approaches in applied language studies: quantitative research, qualitative research, mixed-methods
research, discourse analysis, and corpus linguistics

**ULO4:** Conceive, formulate and operationalise research questions/hypotheses relating to an area of language-related research

**ULO5:** Creatively design and present a formal written research proposal for an original small-scale study in an area of language study

### Online Quiz

- **Assessment Type 1:** Quiz/Test
- **Indicative Time on Task 2:** 15 hours
- **Due:** Week 6
- **Weighting:** 20%

Students will complete an open-book online quiz with questions covering content from the first part the unit.

On successful completion you will be able to:

- Explain the basic underlying principles of five broad research approaches in applied language studies: quantitative research, qualitative research, mixed-methods research, discourse analysis, and corpus linguistics
- Conceive, formulate and operationalise research questions/hypotheses relating to an area of language-related research

### Research Question and Annotated Bibliography

- **Assessment Type 1:** Annotated bibliography
- **Indicative Time on Task 2:** 30 hours
- **Due:** Wednesday 12 October 2022 at 23.59 PM
- **Weighting:** 30%
Students will choose a topic and search databases and library resources to select relevant published articles to write an annotated bibliography that relates to their provisional research question.

On successful completion you will be able to:

- Identify and communicate a research topic to a professional audience
- Critically review and synthesise published literature related to the topic of your proposed research and communicate with a professional audience
- Explain the basic underlying principles of five broad research approaches in applied language studies: quantitative research, qualitative research, mixed-methods research, discourse analysis, and corpus linguistics
- Conceive, formulate and operationalise research questions/hypotheses relating to an area of language-related research

Research Proposal

Assessment Type: Plan
Indicative Time on Task: 35 hours
Due: Sunday 06 November 2022 at 23.59 PM
Weighting: 50%

This is a hurdle assessment task (see assessment policy for more information on hurdle assessment tasks)

Students will write a formal written literature review and research proposal for a small-scale study in an area of language-related research.

On successful completion you will be able to:

- Identify and communicate a research topic to a professional audience
- Critically review and synthesise published literature related to the topic of your proposed research and communicate with a professional audience
- Explain the basic underlying principles of five broad research approaches in applied language studies: quantitative research, qualitative research, mixed-methods research, discourse analysis, and corpus linguistics
- Conceive, formulate and operationalise research questions/hypotheses relating to an area of language-related research

https://unitguides.mq.edu.au/unit_offerings/153504/unit_guide/print
Creatively design and present a formal written research proposal for an original small-scale study in an area of language study.

If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Writing Centre for academic skills support.

Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation.

Delivery and Resources

APPL8020 is delivered through a weekly two-hour on-campus seminar (lecture-workshop), which will be broadcast simultaneously by Zoom. The weekly session will be recorded and available through Echo 360. It is essential for students to listen to the complete lecture recording each week if they are not able to attend on campus or virtually by Zoom.

There is no set textbook for this unit. In some weeks there will be essential and optional accompanying reading to complete, and the articles/chapters will be made available through the Macquarie University Library via Leganto on the APPL8020 iLearn site.

Lecture slides and other materials will be posted weekly on the iLearn site.

Policies and Procedures

Macquarie University policies and procedures are accessible from Policy Central (https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- Fitness to Practice Procedure
- Assessment Procedure
- Complaints Resolution Procedure for Students and Members of the Public
- Special Consideration Policy

Students seeking more policy resources can visit Student Policies (https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit Policy Central (https://policies.mq.edu.au) and use the search tool.

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/admin/other-resources/student-conduct

Results

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au
Academic Integrity

At Macquarie, we believe academic integrity – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free online writing and maths support, academic skills development and wellbeing consultations.

Late Assignments and Extension Requests

Requesting an extension to assignment due date

On occasion, you may be in a situation when you aren’t able to submit an assessment task on time. Extensions are only given in special circumstances, by completing a Special Consideration request. For more information on Special Consideration, see https://students.mq.edu.au/study/my-study-program/special-consideration

Late submission of assignments

If you haven’t been approved for an extension and you submit your assessment task late, penalties are applied. You should consult your unit convenor if you are in this position. Late submissions will receive a 5% per day penalty. If you submit the assessment task 10 days or more beyond the due date, without an approved extension, you will be awarded a maximum of 50% of the overall assessment marks. Weekends and public holidays are included.
