#### Unit description

All managers must have a basic understanding of financial management concepts, capital markets and instruments, as well as the trade-offs between financial risk versus gain. This unit provides students with the understanding of the tools and techniques in financial management. The main goal is to prepare students for responsible and sustainable leadership using the financial management perspective. The unit develops a framework around financial analysis and modeling, as well as business, risk, and investment evaluation by focusing on four main areas: (1) the assessment of an organisation's financial health, (2) the planning of the organisation's future financial performance, (3) the financing of the organisation's operations, and (4) the evaluation of business and investment opportunities for the organisation. Emphasis is placed on the application of tools and techniques to real world problems in financial management to enable students to solve related problems in their place of work.

### Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

# **Learning Outcomes**

On successful completion of this unit, you will be able to:

**ULO1:** Explain the role of financial management in assessing the ongoing financial health and performance of organisations.

ULO2: Explain the use of financial management tools and techniques for financial

analysis and modeling.

**ULO3:** Use relevant analytical techniques to make informed financial decisions related to financing operations and the valuation of organisations and investment opportunities.

# **General Assessment Information**

Late submissions of assessments Unless a Special Consideration request has been submitted and approved, no extensions will be granted. There will be a deduction of 10% of the total available assessment-task marks made from the total awarded mark for each 24-hour period or part thereof that the submission is late. Late submissions will only be accepted up to 96 hours after the due date and time.

No late submissions will be accepted for timed assessments – e.g., quizzes, online tests.

Submission time after the due date (including weekends)	Penalty (% of available assessment task mark)	Example: for a non-timed assessment task marked out of 30
< 24 hours	10%	10% x 30 marks = 3 mark deduction
24-48 hours	20%	20% x 30 marks = 6 mark deduction
48-72 hours	30%	30% x 30 marks = 9 mark deduction
72-96 hours	40%	40% x 30 marks = 12 mark deduction
> 96 hours	100%	Assignment won't be accepted

#### **Special Consideration**

To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.

# Assessment Tasks

Name	Weighting	Hurdle	Due
How required returns affect prices	40%	No	Week 3
Business project valuation	60%	No	Week 6

## How required returns affect prices

Assessment Type 1: Quantitative analysis task Indicative Time on Task 2: 9 hours Due: **Week 3**  Weighting: 40%

Length: 3 worksheets in a spreadsheet. Format: Spreadsheet Task: In this assignment, you will model a fairly priced commercial property investment.

On successful completion you will be able to:

- Explain the role of financial management in assessing the ongoing financial health and performance of organisations.
- Explain the use of financial management tools and techniques for financial analysis and modeling.

## Business project valuation

Assessment Type 1: Quantitative analysis task Indicative Time on Task 2: 15 hours Due: **Week 6** Weighting: **60%** 

Length: Approximately 5 pages. Format: Spreadsheet model. Task: In this assignment, you will model and evaluate a potential business project.

On successful completion you will be able to:

- Explain the use of financial management tools and techniques for financial analysis and modeling.
- Use relevant analytical techniques to make informed financial decisions related to financing operations and the valuation of organisations and investment opportunities.

<sup>1</sup> If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Writing Centre for academic skills support.

<sup>2</sup> Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

# **Delivery and Resources**

Please refer to Coursera.

# **Unit Schedule**

Please refer to the timetable information on the <u>GMBA website</u> for Live Event session timings. See your Coursera unit for a detailed Live Event schedule.

Live Events will take place via Zoom each week starting in Week 1 and ending in Week 6. The links to the events are available via **Live Events** in the Coursera unit.

You will need to use your Macquarie University student Zoom account to access the Live Events.

Attending the Live Event each week is an opportunity to engage with the unit content, your Unit Convenor, and classmates. Students are strongly advised to attend the Live Events. Recordings of the live events will be made available shortly after the event and can be accessed via the Coursera unit content.

# **Policies and Procedures**

Macquarie University policies and procedures are accessible from Policy Central (https://policie s.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- Fitness to Practice Procedure
- Assessment Procedure
- · Complaints Resolution Procedure for Students and Members of the Public
- Special Consideration Policy

Students seeking more policy resources can visit <u>Student Policies</u> (<u>https://students.mq.edu.au/su</u> <u>pport/study/policies</u>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit <u>Policy Central</u> (<u>https://policies.mq.e</u> du.au) and use the <u>search tool</u>.

#### **Student Code of Conduct**

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/admin/other-resources/student-conduct

#### Results

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released

directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in <u>eStudent</u>. For more information visit <u>ask.mq.edu.au</u> or if you are a Global MBA student contact globalmba.support@mq.edu.au

## Academic Integrity

At Macquarie, we believe academic integrity – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free <u>online writing an</u> d maths support, academic skills development and wellbeing consultations.

## Student Support

Macquarie University provides a range of support services for students. For details, visit <u>http://stu</u> dents.mq.edu.au/support/
