Unit description

In an increasingly globalised and competitive business environment, an organisation's people can be a valuable source of sustained competitive advantage. However, this is largely determined by the manner in which people are managed and led. This unit aims to enhance student knowledge of the ways people behave in organisations and the skills required to effectively manage them. Organisations constantly face issues involving motivation, performance, and teamwork making leadership and organisational behaviour skills important for managers and non-managers alike.

This unit is about people in organisations, focusing on how management and leadership practices affect the attitudes, motivation, behaviour, and performance of employees and teams. Unit content is derived mostly from contemporary theory, research, and practice in the organisational behaviour and management disciplines. Students will be encouraged to use unit material to be self-aware and mindful about how they lead and interact with others, and to adopt an ethic of continuous self-improvement in their leadership, teamwork, and interpersonal skills.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Analyse workplace issues and behaviours using classical and contemporary OB theory.

**ULO2:** Prescribe appropriate solutions to issues related to managing people in organisations.

**ULO3:** Synthesise information from appropriate sources to explain OB related issues and justify arguments.

**ULO4:** Deliver effective and constructive feedback to peers.

## General Assessment Information

### Late submissions of assessments

Unless a Special Consideration request has been submitted and approved, no extensions will be granted. There will be a deduction of 10% of the total available assessment-task marks made from the total awarded mark for each 24-hour period or part thereof that the submission is late. Late submissions will only be accepted up to 96 hours after the due date and time.

No late submissions will be accepted for timed assessments – e.g., quizzes, online tests.

**Table 1: Penalty calculation based on submission time**

Submission time after the due date (including weekends)	Penalty (% of available assessment task mark)	Example: for a non-timed assessment task marked out of 30
< 24 hours	10%	10% x 30 marks = 3-mark deduction
24-48 hours	20%	20% x 30 marks = 6-mark deduction
48-72 hours	30%	30% x 30 marks = 9-mark deduction
72-96 hours	40%	40% x 30 marks = 12-mark deduction
> 96 hours	100%	Assignment won't be accepted

### Special Consideration

To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.
