Unit description This unit provides a graduate-level introduction to theories, concepts, processes and debates in the field of work. Workplaces, the types of work undertaken within them, and how this work is organised, are changing. Students will critically explore a range of topics, including: the changing nature of work and organisations, the development of modern work practices, theoretical foundations for understanding behaviour in the workplace, current trends in management methods, key management roles and functions, technological change, motivation and learning in the workplace, and decision making and ethics in organisations.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

- ULO2:** Critically assess different perspectives on, and approaches to, work and management and assess their implications for organisational outcomes.
- ULO3:** Utilise research and critical analysis skills to critique current debates across a range of workplace issues.
- ULO4:** Employ ethical frameworks to analyse management decisions.

## General Assessment Information

### Late submissions of assessments

Unless a Special Consideration request has been submitted and approved, no extensions will be granted. There will be a deduction of 10% of the total available assessment-task marks made from the total awarded mark for each 24-hour period or part thereof that the submission is late. Late submissions will only be accepted up to 96 hours after the due date and time.

No late submissions will be accepted for timed assessments – e.g., quizzes, online tests.

**Table 1: Penalty calculation based on submission time**

Submission time after the due date (including weekends)	Penalty (% of available assessment task mark)	Example: for a non-timed assessment task marked out of 30
< 24 hours	10%	10% x 30 marks = 3-mark deduction
24-48 hours	20%	20% x 30 marks = 6-mark deduction
48-72 hours	30%	30% x 30 marks = 9-mark deduction
72-96 hours	40%	40% x 30 marks = 12-mark deduction
> 96 hours	100%	Assignment won't be accepted

### Special Consideration

To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.
