Unit description

This unit will give BPhil students the opportunity to complete a research project as part of a team in an academic or industry setting. The project will be aligned with the host's strategic research priorities, and both managed and delivered by the student in consultation with their host supervisor. Students will also receive practical information about research careers in academic and non-academic settings and will reflect on what it means to be a researcher in the 21st century. Students must complete 100 hours as an intern in addition to written assessments and an in-class presentation.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Apply existing skills and knowledge to solving real-world problems.

ULO2: Demonstrate independent research and synthesis of acquired knowledge and skills.

ULO3: Participate in and contribute effectively to independent and/or team-based research.

ULO4: Model best research practice and demonstrate commitment to an ethical, reflective approach in a professional context.

General Assessment Information

The deadline for written assignments will always be 11.55pm Sunday in the week they are due. Written work must be submitted via the Turnitin links on the FOAR7004 iLearn website.

Late Assessment Submission Penalty

Unless a Special Consideration request has been submitted and approved, **a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted**, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). **Late submission of time sensitive tasks** (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) **will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.**

Late submission penalty: Employability Journal

Students must post a 50-100 word response to the Employability Journal on iLearn by midnight Sunday in Weeks 2-11. Posts submitted by the deadline will automatically receive 1%. Posts made after the deadline will receive zero unless an application for Special Consideration has been approved.

Word limits Assignment word limits DO NOT include footnotes or bibliographies. Important note on final marks

Please note with respect to the marks you receive for work during the session: that the marks given are indicative only. Final marks will be determined after moderation. See further the note on Results in the Policies and Procedures section below.
