Unit description
What do the humanities, arts, and social sciences comprise and how do they benefit society? How do they contribute to the rapidly changing world of work? This unit is an interdisciplinary introduction to the main methods used and issues considered in the study of the humanities, arts, and social sciences, with particular reference to the key transferable skills that you will develop in your learning journey through the Bachelor of Arts. Case studies drawn from a variety of disciplines and real-life situations will be employed to illustrate the ways in which the humanities, arts, and social sciences respond to complex problems and social challenges. In addition, you will develop essential skills and strategies to succeed as a Bachelor of Arts student, which are also applicable to the subject disciplines that constitute the degree.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Identify different disciplinary approaches and methods applied in the study of the humanities.
ULO2: Recognise and advocate for the role of the humanities in the society.
ULO3: Understand what transferable skills are required to succeed in contemporary life.
and in the workplace.

ULO4: Reflect on their learning and develop learning strategies for their studies across the Bachelor of Arts.

General Assessment Information

The unit is worth 10 credit points, which equates to 150 hours of work; therefore, you should expect to commit an average of 10 hours of your time per week to this unit including all scheduled and unscheduled activities as well as preparing and executing the assessment tasks.

Late submission penalty

The University’s late submission policy is as follows: Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of ‘0’ (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to written reports and recordings only. Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs) will be addressed by the unit convenor in a Special consideration application. Special consideration outcome may result in a new question or topic.

Important note on final marks

Please note with respect to the marks you receive for work during the session: that the marks given are indicative only. Final marks will be determined after moderation. See further the note on Results in the Policies and Procedures section below.

### Delivery and Resources

#### Lectures

A one-hour lecture will take place on-campus each Thursday from 12pm-1pm (21 Wallys Walk - Macquarie Theatre). This lecture will be live-streamed simultaneously via Echo360 (follow the Echo link on the unit iLearn site). A recording of the lecture will also be made available for later viewing.

#### Tutorials

'In Person Scheduled' and 'Online Scheduled' students will attend a weekly tutorial class, either on campus or via Zoom. 'Online Flexible' students will also be given access to the tutorial materials, but will meet with their tutor and peers via an asynchronous, online forum each week.

#### Team Based Learning (TBL) quizzes

Please note: TBL quizzes will be completed fully online. If you miss a graded quiz but have been approved for Special Consideration, you may be required to complete an alternative, written assignment.

### Unit Schedule

Please note that the scheduled topics may be subject to change during the semester.
