Unit description
What do the humanities, arts, and social sciences comprise and how do they benefit society? How do they contribute to the rapidly changing world of work? This unit is an interdisciplinary introduction to the main methods used and issues considered in the study of the humanities, arts, and social sciences, with particular reference to the key transferable skills that you will develop in your learning journey through the Bachelor of Arts. Case studies drawn from a variety of disciplines and real-life situations will be employed to illustrate the ways in which the humanities, arts, and social sciences respond to complex problems and social challenges. In addition, you will develop essential skills and strategies to succeed as a Bachelor of Arts student, which are also applicable to the subject disciplines that constitute the degree.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Lectures

A one-hour lecture will be live-streamed via Echo360 each Tuesday, from 10-11am (follow the Echo link on the unit iLearn site). The lecture will also be recorded and made available for 'Online Flexible' (external and OUA) students on the iLearn site.

Please note: The TBL quizzes will take place in class during scheduled tutorials in Week 4, Week 8, and Week 12. 'Online Flexible' students will complete the TBL quizzes fully online.
