Unit description
This unit is the second practical placement unit for the Master of Clinical Psychology program and is conducted in an external clinical service under the supervision of Adjunct Fellows of Macquarie University. The placement has an overall workload of 300 hours, and provides the opportunity to build upon competencies in Clinical psychology, demonstrated in Practical Placement 1 in the Psychology Clinic, to an intermediate level. Activities include face-to-face assessment and treatment of genuine clients of the service; professional administrative tasks such as risk management, note keeping and report writing; and supervision activities, both individual and group as required and available in the external setting. A range of general clinical work with adults and children is mandatory and may include anxiety, depression, trauma, personality disorders and medical problems, as well as practice working in different therapeutic approaches. Students are required to complete at least a thousand hours across all placements in the program to meet accreditation requirements. By the time students finish this first external placement unit, they will have further developed competencies in 10 domains as identified by the accrediting body APAC as Core Competencies to become a Clinical Psychologist.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

**Weekly Supervision (WIL)**

Assessment Type 1: Work-integrated task  
Indicative Time on Task 2: 50 hours  
Due: **Throughout the placement**  
Weighting: 30%  

*This is a hurdle assessment task (see assessment policy for more information on hurdle assessment tasks)*

Students participate in case management and intervention under close supervision of field supervisors appointed as Macquarie University Adjunct Fellows. Students will be assessed on formative assessment and treatment skills; professional conduct; self-reflection via log book; ethics and communication skills including professional report writing. At the end of placement a declaration form confirming hours is also required.

On successful completion you will be able to:

- Apply depth and breadth of knowledge and scholarly understanding required of clinical psychologists in determining client needs and designing and implementing evidence-based interventions
- Demonstrate higher level critical thinking skills in their ability both to generate and evaluate new, professionally-oriented knowledge
- Communicate effectively across a wide range of client groups, colleagues and other professionals, using a variety of formats to function empathically within and across cultures and life stages
- Apply knowledge of the legislative frameworks relevant to clinical psychologists and undertake practice according to professional standards and the Psychology Board of Australia's code of ethics
- Demonstrate the entry level capabilities required of practising clinical psychologists,
along with the professional and personal skills for assessing continuous development needs

Samples of case reports
Assessment Type 1: Report
Indicative Time on Task 2: 2 hours
Due: End of placement
Weighting: 10%
This is a hurdle assessment task (see assessment policy for more information on hurdle assessment tasks)

This hurdle assessment requires students to submit three samples of a case report, formulation and complete case notes of each client, together with the end of placement review.

On successful completion you will be able to:

• Apply depth and breadth of knowledge and scholarly understanding required of clinical psychologists in determining client needs and designing and implementing evidence-based interventions
• Demonstrate higher level critical thinking skills in their ability both to generate and evaluate new, professionally-oriented knowledge
• Communicate effectively across a wide range of client groups, colleagues and other professionals, using a variety of formats to function empathically within and across cultures and life stages

End of placement review (EPR)

Assessment Type: Work-integrated task
Indicative Time on Task: 2 hours
Due: End of placement: 120-130 client contact hrs
Weighting: 30%

This is a hurdle assessment task (see assessment policy for more information on hurdle assessment tasks)

This is an end of placement assessment of competency, conducted in the placement setting with the field supervisor using a standardised, validated competency assessment (CYPRS) tool. Feedback is on developing competency to a PASS; level on each of eleven domains, with PASS; specified as a score of 3.5 out of 5 on each domain. The field supervisor provides recommendation to the placement co-ordinator who reviews the evaluation form including log book and samples of work, to determine the awarding of the final grade.

On successful completion you will be able to:

- Apply depth and breadth of knowledge and scholarly understanding required of clinical psychologists in determining client needs and designing and implementing evidence-based interventions
- Demonstrate higher level critical thinking skills in their ability both to generate and evaluate new, professionally-oriented knowledge
