Unit description

This unit provides the necessary tools to engage with current macroeconomic issues. It will apply rigorous economic analysis to real-world problems, developing an understanding about the relationships between key macroeconomic indicators e.g. inflation, output growth, unemployment, interest rates, wages and profits, stock market indices, exchange rates. The unit will help students to think creatively about the design and constraints of monetary, fiscal and macroprudential policy in normal times and during a crisis. In so doing students will develop the capacity to undertake independent research in macroeconomics.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Source and interpret macroeconomic data and coherently use the key concepts in macroeconomics.

ULO2: Apply advanced macroeconomic models to understand the behaviour of key macroeconomic variables.

ULO3: Identify and interpret topical macroeconomic issues, and use advanced macroeconomic models to understand how policy should respond to the issues.

ULO4: Co-operate with peers in groups to prepare and present the results of collaboration on current topical issues.

General Assessment Information

Essay topics, mid-session test question paper and final exam question paper will be available on iLearn.

Late Assessment Submission Penalty

Unless an application for [Special Consideration](#) has been submitted and approved, a **5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted**, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests, exams, performance assessments, and/or scheduled practical assessments/labs, students need to submit an application for [Special Consideration](#).

Assessment Tasks

Name	Weighting	Hurdle	Due
<u>Essay</u>	25%	No	Week 12
<u>Final examination</u>	40%	No	In final exam period
<u>Group Research and Presentation</u>	15%	No	Week 13
<u>Mid-session test</u>	20%	No	Week 7

Essay

Assessment Type ¹: Essay

Indicative Time on Task ²: 20 hours

Due: **Week 12**

Weighting: **25%**

The 1,750-word essay is due before the beginning of the seminar in Week 12. Students choose

any one of the topics on contemporary issues provided by the lecturer, conduct a literature review, and write a reasoned essay about the issue and its implications for macroeconomics. A significant weight in the marking will be placed on the literature review and research methodology used.

On successful completion you will be able to:

- Source and interpret macroeconomic data and coherently use the key concepts in macroeconomics.
- Apply advanced macroeconomic models to understand the behaviour of key macroeconomic variables.
- Identify and interpret topical macroeconomic issues, and use advanced macroeconomic models to understand how policy should respond to the issues.

Final examination

Assessment Type ¹: Examination

Indicative Time on Task ²: 40 hours

Due: **In final exam period**

Weighting: **40%**

A two-hour examination will be held during the University Examination Period, and will be based on all topics and presentations covered in the unit in Weeks 1-13

On successful completion you will be able to:

- Source and interpret macroeconomic data and coherently use the key concepts in macroeconomics.
- Apply advanced macroeconomic models to understand the behaviour of key macroeconomic variables.
- Identify and interpret topical macroeconomic issues, and use advanced macroeconomic models to understand how policy should respond to the issues.

Group Research and Presentation

Assessment Type ¹: Presentation

Indicative Time on Task ²: 15 hours

Due: **Week 13**

Weighting: **15%**

Each group will be allocated a current report by a major agency, such as the Reserve Bank, to be analysed and presented as a seminar towards the end of the session. Students are required to present a summary of the key points in the report. The group must meet regularly throughout the session to complete the necessary research on the allocated report, and to prepare the presentation. The presentation can be designed to include possible discussion points for the class.

On successful completion you will be able to:

- Source and interpret macroeconomic data and coherently use the key concepts in macroeconomics.
- Apply advanced macroeconomic models to understand the behaviour of key macroeconomic variables.
- Identify and interpret topical macroeconomic issues, and use advanced macroeconomic models to understand how policy should respond to the issues.
- Co-operate with peers in groups to prepare and present the results of collaboration on current topical issues.

Mid-session test

Assessment Type ¹: Quiz/Test

Indicative Time on Task ²: 15 hours

Due: **Week 7**

Weighting: **20%**

There will be a mid-session test based on material covered in the relevant lectures.

On successful completion you will be able to:

- Source and interpret macroeconomic data and coherently use the key concepts in macroeconomics.
- Apply advanced macroeconomic models to understand the behaviour of key macroeconomic variables.
- Identify and interpret topical macroeconomic issues, and use advanced macroeconomic models to understand how policy should respond to the issues.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

LECTURES/SEMINARS (refer to <https://timetables.mq.edu.au> for class time)

This unit will be delivered entirely online.

We are assigned a weekly time slot in the timetable - Thursdays 1-3pm. Pre-recorded lectures in Weeks 1-6 and 8-9 will be available through ECHO and in iLearn prior to the time slot, and should be watched before 2pm - these pre-recorded lectures will each be approximately 2 hours in length. At 2pm each Thursday, an interactive ZOOM session will be held that all students must attend and participate in.

In Weeks 10-13, the interactive ZOOM session will be for the entire assigned time slot (Thursdays 1-3pm).

Required and Recommended Texts and/or Materials

There is no required textbook for this course.

It is assumed that you understand well an intermediate macroeconomics textbook

eg O. Blanchard and J. Sheen, Macroeconomics, 2014, 4th edition, Pearson

A good (but only reference) text for this unit is:

S. Williamson, Macroeconomics, 2018, 6th global edition, Pearson

Useful readings for the topics are given in the Unit Schedule, and extra readings may be recommended during the lectures.

Unit Web Page

You can access the ECON8013/7013 web site on iLearn from anywhere on the Internet. To login you need a Username and password. All lecture slides should be available on the iLearn site at least by midday of the lecture.

Unit Schedule

This is a planned schedule, and there may be minor variations and readings added as the session progresses.
