Unit description How can disruptive strategic thinking be deployed to develop or protect competitive advantage? The most innovative and successful companies today have all managed to fundamentally disrupt and reshape existing industries, or create completely new ones. What are the strategies, business models, and technologies that lie behind this? Is the strategic thinking that is required to successfully compete in today's digital world actually different? And how could you deploy disruptive strategic thinking to reshape your own company and industry?

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** Define a range of disruptive technologies and their implications on organisations and industry sectors
- ULO2:** Develop strategies and approaches to create innovative business models
- ULO3:** Apply strategic thinking and tools to evaluate the impact of new innovations and the plausibility of successfully adoption

General Assessment Information

Late submissions of assessments Unless a Special Consideration request has been

submitted and approved, no extensions will be granted. There will be a deduction of 10% of the total available assessment-task marks made from the total awarded mark for each 24-hour period or part thereof that the submission is late. Late submissions will only be accepted up to 96 hours after the due date and time.

No late submissions will be accepted for timed assessments – e.g., quizzes, online tests.

Submission time after the due date (including weekends)	Penalty (% of available assessment task mark)	Example: for a non-timed assessment task marked out of 30
< 24 hours	10%	10% x 30 marks = 3 mark deduction
24-48 hours	20%	20% x 30 marks = 6 mark deduction
48-72 hours	30%	30% x 30 marks = 9 mark deduction
72-96 hours	40%	40% x 30 marks = 12 mark deduction
> 96 hours	100%	Assignment won't be accepted

Special Consideration

To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.

Delivery and Resources

Required text

There is no required textbook for this unit. Please refer to the weekly required readings in your online unit. All readings are available via the Macquarie University library and do not need to be purchased separately.

Delivery method

This unit will be delivered entirely online via the Coursera Learning Management System. Access to a personal computer is required to access the resources and learning materials on Coursera.

Unit Schedule

Live Events

Please refer to the timetable information in eStudent or the [GMBA website](#) for Live Event session timings. **Please note:** The teaching schedule is subject to change. Please refer to your Coursera unit for a detailed Live Event schedule.

Live Events will take place via Zoom each week starting in Week 1 and ending in Week 6. The links to the events are available via **Live Events** in the Coursera unit.

You will need to use your Macquarie University student Zoom account to access the Live Events.

Attending the Live Event each week is an opportunity to engage with the unit content, your Unit Convenor, and classmates. Students are strongly advised to attend the Live Events. Recordings of the live events will be made available within 24 hours of the event and can be accessed via the Coursera unit content.
