Unit description

The purpose of this unit is to help students develop their own point of view on the formulation and implementation of strategy. Students will study how to think and act like strategic managers and leaders within an organisation. The unit is concerned with the many managerial plans and actions involved in organisations' quest to gain and sustain competitive advantage, how they might stay "in fit" with ever-changing environments, and how they manage strategic change. The unit draws from a range of different disciplines, bringing together much of the concepts/ideas/subjects that form the basis of a business degree.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Analyse and explain the nature and scope of the strategic management process and how strategy is dependent on leadership, stakeholders and group processes.

ULO2: Critically evaluate an organisation and its strategy in terms of congruence, resources and strategic fit.

ULO3: Apply key strategic management tools and models to synthesise complex problems in strategic management.

General Assessment Information

Late submissions of assessments

Unless a Special Consideration request has been submitted and approved, no extensions will be granted. There will be a deduction of 10% of the total available assessment-task marks made from the total awarded mark for each 24-hour period or part thereof that the submission is late. Late submissions will only be accepted up to 96 hours after the due date and time.

No late submissions will be accepted for timed assessments – e.g., quizzes, online tests.

Table 1: Penalty calculation based on submission time

Submission time after the due date (including weekends)	Penalty (% of available assessment task mark)	Example: for a non-timed assessment task marked out of 30
< 24 hours	10%	10% x 30 marks = 3-mark deduction
24-48 hours	20%	20% x 30 marks = 6-mark deduction
48-72 hours	30%	30% x 30 marks = 9-mark deduction
72-96 hours	40%	40% x 30 marks = 12-mark deduction
> 96 hours	100%	Assignment won't be accepted

Special Consideration

To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.
