Unit description

To succeed in a globalised business environment, it is imperative for managers to develop a global mindset as a leader and understand contemporary approaches to leading and managing in culturally diverse environments. Cultural Intelligence and cross-cultural communication are key inclusive leadership traits that enable managers to effectively implement and accomplish strategies and tactics in international assignments, and to engage and manage global teams. Core objectives of this unit are to enhance cultural intelligence and cross-cultural communication competence to impart an understanding of how cultural diversity affects managerial behaviour and processes. The unit prepares students to be global minded leaders with cultural intelligence, which is valued as a highly appreciated skill set by future employers. The unit utilises a range of assessments such as simulations, experiential exercises, forums, reflective tasks, case studies, presentations and group activities in order to synthesise students' understanding of cross-cultural theories and their ability to apply their learning in global business settings.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Evaluate and analyse the diversity of cultures and its implications as they relate

to business management and examine the intricacy of operating via group interactions in the global market.

ULO2: Research and appraise the multicultural 'big picture' in which global trade and government forces operate and justify the major culture-based challenges (political, social, legal, economic and technological) faced by international managers.

ULO3: Identify and describe major cultural characteristics including communication styles that characterise regions, nations, communities, organisations, group and individuals.

ULO4: Use research skills to advance knowledge and apply professional and reflective practice to individual and group learning and communication.

General Assessment Information

Late submissions of assessments

Unless a Special Consideration request has been submitted and approved, no extensions will be granted. There will be a deduction of 10% of the total available assessment-task marks made from the total awarded mark for each 24-hour period or part thereof that the submission is late. Late submissions will only be accepted up to 96 hours after the due date and time.

No late submissions will be accepted for timed assessments – e.g., quizzes, online tests.

Table 1: Penalty calculation based on submission time

Submission time after the due date (including weekends)	Penalty (% of available assessment task mark)	Example: for a non-timed assessment task marked out of 30
< 24 hours	10%	10% x 30 marks = 3-mark deduction
24-48 hours	20%	20% x 30 marks = 6-mark deduction
48-72 hours	30%	30% x 30 marks = 9-mark deduction
72-96 hours	40%	40% x 30 marks = 12-mark deduction
> 96 hours	100%	Assignment won't be accepted

Special Consideration

To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.
