Unit description

Negotiation is the art and craft by which decisions are made, agreements reached, and disputes resolved between two or more parties. This unit is designed to help you master complicated interpersonal and emotional dynamics in negotiation, manage conflicts with more comfort and confidence, and reach richer and sustainable solutions to difficult problems. This unit integrates experiential learning techniques with cutting-edge research and top negotiation cases to foster deep learning. You will be guided through all key stages in the negotiation process so that you may master value-creating mindset and skills. You will also identify your individual negotiation style and strength, and learn to adapt them across different situations.

This unit is geared toward helping negotiators consistently achieve superior results, whether in business deals, critical conversations or when settling disputes. This unit will help you achieve key outcomes as well as building important professional relationships and network.

ULO3: Apply sophisticated problem-solving and collaboration skills in business and workplace negotiations to enable value creation and then evaluate negotiation outcomes and processes, both as an individual and as a group.

ULO4: Apply stakeholder mapping processes to identify and realize the potential value, risks and likely consequences for all parties in a negotiation ecosystem.

General Assessment Information

Late submissions of assessments

Unless a Special Consideration request has been submitted and approved, no extensions will be granted. There will be a deduction of 10% of the total available assessment-task marks made from the total awarded mark for each 24-hour period or part thereof that the submission is late. Late submissions will only be accepted up to 96 hours after the due date and time.

No late submissions will be accepted for timed assessments – e.g., quizzes, online tests.

Table 1: Penalty calculation based on submission time

Submission time after the due date (including weekends)	Penalty (% of available assessment task mark)	Example: for a non-timed assessment task marked out of 30
< 24 hours	10%	10% x 30 marks = 3-mark deduction
24-48 hours	20%	20% x 30 marks = 6-mark deduction
48-72 hours	30%	30% x 30 marks = 9-mark deduction
72-96 hours	40%	40% x 30 marks = 12-mark deduction
> 96 hours	100%	Assignment won't be accepted

Special Consideration To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.
