Unit description This unit provides an opportunity to critically examine a topical issue in management from a behavioural economics perspective. The topic will depend on the current global and domestic business environment. The content is likely to vary from offering to offering however each will support the goal to develop managers with strong professional skills. The course will seek to combine underlying theory with a strong practical emphasis to support advanced specific knowledge, critical thinking and communication capabilities.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Evaluate an array of empirical findings on behavioural phenomena to develop and communicate solutions to problems.

**ULO2:** Apply behavioural economics insights to formulate informed managerial decisions and business strategies.

**ULO3:** Critically reflect on how changes in incentives interact and how the resulting economic environment affects performance.

## General Assessment Information

### Late submissions of assessments

Unless a Special Consideration request has been submitted and approved, no extensions will be granted. There will be a deduction of 10% of the total available assessment-task marks made from the total awarded mark for each 24-hour period or part thereof that the submission is late. Late submissions will only be accepted up to 96 hours after the due date and time.

No late submissions will be accepted for timed assessments – e.g., quizzes, online tests.

Table 1: Penalty calculation based on submission time

Submission time after the due date (including weekends)	Penalty (% of available assessment task mark)	Example: for a non-timed assessment task marked out of 30
<24 hours	10%	10% x 30 marks = 3-mark deduction
24-48 hours	20%	20% x 30 marks = 6-mark deduction
48-72 hours	30%	30% x 30 marks = 9-mark deduction
72 – 96 hours	40%	40% x 30 marks = 12-mark deduction
>96 hours	100%	Assignment won't be accepted

### Special Consideration

To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date

## Assessment Tasks

Name	Weighting	Hurdle	Due
<u>Essay</u>	60%	No	Aug 21
<u>Presentation</u>	40%	No	July 9, 10, 30

### Essay

Assessment Type <sup>1</sup>: Essay

Indicative Time on Task <sup>2</sup>: 50 hours

Due: **Aug 21**

Weighting: **60%**

The essay is on a topic of the student's own choosing. The development of the idea will be discussed with the lecturer and then transformed into a written submission of between 3,000 and 4,000 words.

On successful completion you will be able to:

- Evaluate an array of empirical findings on behavioural phenomena to develop and communicate solutions to problems.
- Apply behavioural economics insights to formulate informed managerial decisions and business strategies.
- Critically reflect on how changes in incentives interact and how the resulting economic environment affects performance.

## Presentation

Assessment Type <sup>1</sup>: Presentation

Indicative Time on Task <sup>2</sup>: 30 hours

Due: **July 9, 10, 30**

Weighting: **40%**

Students will work in groups to analyse and research a current topic or issue. They will present their findings individually, but in a group context. This task is worth a total of 40%, of which half will be derived from the individual's 10 minute oral presentation. The remaining half is based on the quality of the presented research as a whole.

On successful completion you will be able to:

- Evaluate an array of empirical findings on behavioural phenomena to develop and communicate solutions to problems.
- Apply behavioural economics insights to formulate informed managerial decisions and business strategies.
- Critically reflect on how changes in incentives interact and how the resulting economic environment affects performance.
