Unit description

This unit provides students with a graduate-level understanding of accounting as a business process of recording, measuring, classifying and reporting economic, financial and other related information and transactions for use by a variety of stakeholders. Students completing this unit are expected to be able to prepare, analyse and discuss financial reports in various business contexts. Classes cover the core aspects of the preparation and basic analysis of financial statements and the underlying accounting policies and principles.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Explain the purpose of accounting and accounting processes and appreciate the role of accounting in business sustainability and ethical decision making.

ULO2: Identify, record and process business transactions in the accounting system and report their effect by preparing structured financial statements.

ULO3: Undertake basic analysis of the financial statements of organisations, through ratio analysis.

ULO4: Explain the value of internal control and management's responsibility in relation to it and apply internal control principles to the sales and purchases cycles and the cash guarding procedure.

ULO5: Calculate and describe the use of cost–volume–profit (CVP) analysis in management decision making.

ULO6: Apply the principles involved in analysing and managing an organisation's cash flow and working capital requirements.

General Assessment Information

Online Quiz/Test

- The quiz will be an online multiple-choice test at the end of Week 4. The quiz is weighted 10% and will serve as an early diagnostic indicator of student performance.
- The test will be held online in Week 10 and weighted 20%.
- Detailed information about the tasks will be released on iLearn.

Virtual experience program

- The virtual experience program is designed to develop students' work-readiness skills that enable students to transition effectively into the world of work. The program will be available online from Week 1 to Week 6. During this period, students can participate in the program at their own pace.
- Students are required to write FIVE journal entries at different stages of the program to reflect on their experience in the program. The assessment is weighted 5% and due in Week 6. Detailed information about the tasks will be released on iLearn.
- Unless an application for Special Consideration has been submitted and approved, **a 5% penalty (of the total possible mark) will be applied each day an assessment is not submitted**, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

Xero assignment

- This assignment is designed to prepare students with the accounting software skills they need to work in a modern day practice. Through the completion of an accounting cycle for a fictional business, students will gain experience in the practical and technical skills essential to accounting.
- This assignment is weighted 15% and due in Week 8. Detailed information about the tasks will be released on iLearn.
- Unless an application for [Special Consideration](#) has been submitted and approved, **a 5% penalty (of the total possible mark) will be applied each day an assessment is not submitted**, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

Final Exam

- A 2-hour online final examination will be held during the University Examination period. Students are expected to access the exam online at the time designated in the University Examination Timetable.
- Grade descriptors and other information concerning grading are contained in the Macquarie University Grading Policy which is available at: <http://www/mq/edu/au/policy/docs/grading/policy.html>.
- Students will be awarded one of these grades. All final grades in the Department of Accounting and Corporate Governance are determined by a grading committee and are not the sole responsibility of the Unit Convenor. The final grade awarded reflects the corresponding grade descriptor in the Grading Policy.
