Credit points 10
Prerequisites Admission to MRes
Corequisites
Co-badged status
Unit description This unit comprises study of special topics in the natural sciences, and is designed to supplement a student's existing knowledge and coursework with targeted material and techniques that will be required for their MRes thesis project in year two. Activities may include attending a national or international summer school, cross-institutional study or highly tailored units of study that are exemplars of current analytical/theoretical concepts or problem-solving applications. Topics and activities will be selected with the aid of an academic supervisor.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** Critically synthesize and evaluate information from a variety of sources
- ULO2:** Demonstrate an advanced knowledge of research principles and methods
- ULO3:** Rigorously apply scientific methods to address a research question
- ULO4:** Articulate clearly a coherent argument in written, oral or technical communication as relevant to the specific activity chosen

Assessment Tasks

Name	Weighting	Hurdle	Due
Learning plan	5%	Yes	Friday of week 1
Assessment tasks (3+)	95%	No	as agreed in your approved learning plan

Learning plan

Assessment Type ¹: Learning plan

Indicative Time on Task ²: 5 hours

Due: **Friday of week 1**

Weighting: **5%**

This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)

You will work with the supervisor or unit convenor to develop a learning plan for the unit that includes all assessment tasks and the total time to be spent on these tasks (not to exceed 132 hrs).

On successful completion you will be able to:

- Critically synthesize and evaluate information from a variety of sources

Assessment tasks (3+)

Assessment Type ¹: Project

Indicative Time on Task ²: 132 hours

Due: **as agreed in your approved learning plan**

Weighting: **95%**

You will have a minimum of 3 assessment tasks, with a maximum of 60% weighting for any one task. Tasks can vary and may include a scientific report, report, essay or exam, as appropriate for a 10cp unit. Assessment tasks and weightings will follow the learning plan agreed upon with the supervisor for a project-based unit, or will be as listed in the unit guides when components of other units are being undertaken with the approval of the unit convenor.

On successful completion you will be able to:

- Critically synthesize and evaluate information from a variety of sources

- Demonstrate an advanced knowledge of research principles and methods
 - Rigorously apply scientific methods to address a research question
-

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Engagement – please read, as this is very important

As a BPhil / MRes Yr 1 student you are part of the Faculty of Science and Engineering research community. You are expected to actively participate in our diverse research community. You are expected to contribute to a supportive and respectful dialogue. Disrespectful, offensive, belittling or exclusionary behaviour will not be tolerated (<https://policies.mq.edu.au/document/view.php?id=55>).

Academic Honesty

Academic integrity is fundamental to research. Presenting another person's work as your own is a serious breach of the University's rules and carries significant penalties. The University's Academic Honesty Policy can be found at http://www.mq.edu.au/policy/docs/academic_honesty/policy.html

In this unit, all written work will be checked for plagiarism using Turnitin. Penalties for plagiarism may include a zero mark for the assignment or in more extreme cases, failure of the unit. Plagiarism will be noted on your academic record. Full details of penalties can be found at http://www.mq.edu.au/policy/docs/academic_honesty/schedule_penalties.html

Individual assessments

Each assessment should be designed to be as authentic to as possible. Marking criteria / guidance for each assessment are agreed in your learning plan.

Due dates and assessment topics

All assessments are due prior to the weekly scheduled workshop for the week indicated in the unit guide. Any student who is unable to meet a deadline should contact the unit convenor prior to the deadline to (possibly) avoid late penalties.

Late Assessment Submission Penalty

From 1 July 2022, Students enrolled in session based units with written assessments will have the following university standard late penalty applied. Please see <https://students.mq.edu.au/study/assessment-exams/assessments> for more information. Unless a Special Consideration

request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11:55 pm. A 1-hour grace period is provided to students who experience a technical concern. For any late submission of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.

Assessments where Late Submissions will be accepted

In this unit, late submissions will be accepted as follows:

- as agreed in your learning plan.
