Unit description
Every person in an organisation is responsible for safeguarding customer data in this era of increasing cyber threats. This unit is designed for students to gain an understanding of the regulatory environment, governance (including cyber governance) and ethical issues relating to cyber security. The objective of the unit is for students to understand the governance and ethical issues in the constantly evolving cyber security environment created by new digital technologies.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Explain the governance principles and ethical frameworks relevant to cyber security in a business context.

ULO2: Demonstrate well-reasoned judgement when critically analysing cyber security
governance and ethical challenges.

**ULO3**: Evaluate how trade-offs between cyber security, cost/resources and business opportunities/competitive advantage intersect with risk tolerance, good corporate governance, and business ethics.

**ULO4**: Apply governance principles and ethical frameworks to develop solutions to a variety of governance and ethical challenges relating to cyber security in a range of business contexts.

## General Assessment Information

*Late Assessment Submission Penalty (written assessments)*

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of ‘0’ will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.

## Report

**Assessment Type**: Report

**Indicative Time on Task**: 35 hours

**Due**: Week 6

**Weighting**: 40%

Students will write a report to the Senior Executive team on how contextual elements of a business, including human resources and organisational culture can contribute to an information security program. Students will be given a collection of internal corporate documents which they
will have to analyse to determine the long-term security objectives. The students will prepare a written report which they upload to iLearn.

On successful completion you will be able to:
- Explain the governance principles and ethical frameworks relevant to cyber security in a business context.
- Demonstrate well-reasoned judgement when critically analysing cyber security governance and ethical challenges.
- Evaluate how trade-offs between cyber security, cost/resources and business opportunities/competitive advantage intersect with risk tolerance, good corporate governance, and business ethics.
- Apply governance principles and ethical frameworks to develop solutions to a variety of governance and ethical challenges relating to cyber security in a range of business contexts.

Debate
Assessment Type 1: Debate  
Indicative Time on Task 2: 20 hours  
Due: Week 8  
Weighting: 10%

Students will debate a current cyber security business problem / challenge. Students will prepare a 6-10 minute video of their ethical, financial and legal arguments for- or against- the matter and upload their video to iLearn. Each student will then be randomly allocated to another (opposing) student’s video and have 24-hours to prepare a 3-5 minute rebuttal video which they will also upload to iLearn.

On successful completion you will be able to:
- Demonstrate well-reasoned judgement when critically analysing cyber security governance and ethical challenges.
- Evaluate how trade-offs between cyber security, cost/resources and business opportunities/competitive advantage intersect with risk tolerance, good corporate governance, and business ethics.
- Apply governance principles and ethical frameworks to develop solutions to a variety of governance and ethical challenges relating to cyber security in a range of business contexts.

Critical assessment of new technologies
Assessment Type 1: Report
Indicative Time on Task: 35 hours
Due: Week 13
Weighting: 40%

Students will apply governance and ethical frameworks to critically assess a proposal to introduce disruptive technologies into a business. The report should cover both information security and ethical aspects of the new technology.

On successful completion you will be able to:

- Explain the governance principles and ethical frameworks relevant to cyber security in a business context.
- Evaluate how trade-offs between cyber security, cost/resources and business opportunities/competitive advantage intersect with risk tolerance, good corporate governance, and business ethics.
- Apply governance principles and ethical frameworks to develop solutions to a variety of governance and ethical challenges relating to cyber security in a range of business contexts.

Class Participation

Assessment Type: Participatory task
Indicative Time on Task: 23 hours
Due: Each Week
Weighting: 10%

Students are expected to actively participate in class discussions and activities. The quality of participation will be assessed by staff using the criteria outlined in the assessment guide.

On successful completion you will be able to:

- Demonstrate well-reasoned judgement when critically analysing cyber security governance and ethical challenges.
- Evaluate how trade-offs between cyber security, cost/resources and business opportunities/competitive advantage intersect with risk tolerance, good corporate governance, and business ethics.

1 If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Writing Centre for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment.
task and is subject to individual variation

**Policies and Procedures**

Macquarie University policies and procedures are accessible from [Policy Central](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- **Academic Appeals Policy**
- **Academic Integrity Policy**
- **Academic Progression Policy**
- **Assessment Policy**
Fitness to Practice Procedure
Assessment Procedure
Complaints Resolution Procedure for Students and Members of the Public
Special Consideration Policy

Students seeking more policy resources can visit Student Policies (https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit Policy Central (https://policies.mq.edu.au) and use the search tool.

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/admin/other-resources/student-conduct

Results

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Academic Integrity

At Macquarie, we believe academic integrity – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free online writing and maths support, academic skills development and wellbeing consultations.

Student Support

Macquarie University provides a range of support services for students. For details, visit http://students.mq.edu.au/support/

The Writing Centre

The Writing Centre provides resources to develop your English language proficiency, academic writing, and communication skills.

- Workshops
- Chat with a WriteWISE peer writing leader
- Access StudyWISE
- Upload an assignment to Studiosity
- Complete the Academic Integrity Module
The Library provides online and face to face support to help you find and use relevant information resources.

- **Subject and Research Guides**
- **Ask a Librarian**

**Student Services and Support**

Macquarie University offers a range of **Student Support Services** including:

- **IT Support**
- **Accessibility and disability support** with study
- **Mental health support**
- **Safety support** to respond to bullying, harassment, sexual harassment and sexual assault
- **Social support including information about finances, tenancy and legal issues**
- **Student Advocacy** provides independent advice on MQ policies, procedures, and processes

**Student Enquiries**

Got a question? Ask us via **AskMQ**, or contact **Service Connect**.

**IT Help**

For help with University computer systems and technology, visit [http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/](http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/).

When using the University’s IT, you must adhere to the **Acceptable Use of IT Resources Policy**. The policy applies to all who connect to the MQ network including students.
