General Assessment Information

PASSING MARK

To pass AHIS2251, you must complete all of the assessments and achieve an overall mark of at least 50%.

MARKING RUBRICS

All written assessment tasks will be graded using a rubric that outlines the criteria and standards for each grade descriptor. Rubrics for each task can be found on the unit's iLearn site under 'Assessments'.

PENALTIES

1. Late Assessment Submission Penalty
   - Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of ‘0’ (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc).
   - Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.

2. Word Limit Penalty
   - Written assessment tasks submitted that are under or over the word length by more than 15% will be penalised with a loss of 10% of the total possible mark. NOTE: Footnotes and bibliographies are not included in word counts.
3. Citation and Referencing techniques Penalty

- Turnitin is 'text-matching' software that is designed to educate students about appropriate citation and referencing techniques. Turnitin is also used to provide the university with confidence in the academic integrity of students' work.
- Written assessment tasks submitted without proper referencing (e.g., no bibliography, omission of page numbers, etc), will be marked according to the Macquarie Academic Integrity Policy and the schedule of penalties.

EXTENSION REQUESTS

- **Important**: The granting of extensions is subject to the University's Special Consideration Policy and can only be granted by applying for Special Consideration through AskMQ. Please do not ask the convenors for an extension, but you may inform them if you intend to apply for Special Consideration.

RELEASE OF RESULTS

Delivery and Resources

UNIT REQUIREMENTS AND EXPECTATIONS

This unit will be taught following a flipped classroom model, in which students first gain exposure to new material outside of class via reading and watching recorded lectures, and then the tutorial time is used to do the harder work of assimilating that knowledge.

The unit is comprised of two key elements:

1. Three hours of instruction: 1-2 hours of pre-recorded lectures and 1 hour tutorial delivered either on campus or asynchronously online for Flexible-Online and OUA students); and
2. Individual study and preparation.

Note:

- Students are expected to attend all tutorials (or complete all tutorial activities online each week), unless there are extenuating circumstances.
- Pre-recorded lectures will be available on the iLearn site before the week they are due. Students are expected to have watched the videos and completed the required lecture and tutorial readings before attending their scheduled tutorial.
