Unit description
Cemeteries are arguably the most ubiquitous site-types in the archaeological record, providing the greatest portion of artefacts, ecofacts, features, texts and artistic representations from which archaeologists and historians have based their reconstructions of the past. Notwithstanding these facts, cemeteries are also arguably the most challenging site-type to interpret due to the profound complexity and variability of mortuary behaviour - both within and across cultures. This unit embraces 'complexity' and 'variability' as opportunities to consider how different societies and cultures dealt with the biological imperative of death. By encompassing the fields of archaeology, history, theory, biology, social and cultural studies, politics, and economics, this interdisciplinary unit will invite students to consider the enduring tendency of death to provide individuals and groups with a stage to articulate the complexity, variability and meaning of life.

General Assessment Information

SUCCESSFUL COMPLETION OF THE UNIT

To complete the unit successfully you need a minimum mark of 50% overall.

**N.B.** You must attempt every piece of assessment to pass this unit. In accordance with Clause 129 of the University Assessment Policy, non-submission of an Assessment Task will result in a FA grade - Fail Absent.

GRADES:

- **F / FA**: 0-49%
- **P**: 50-64%
- **CR**: 65-74%
- **D**: 75-84%
- **HD**: 85-100%

LATE SUBMISSION OF ASSESSMENT TASKS - PENALTY

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of ‘0’ (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.

No late submissions will be accepted for timed assessments – e.g. online quizzes, online tests.

IMPORTANT NOTE ON FINAL MARKS

Please note with respect to the marks you receive for work during the session: grading decisions for each assessment task will be moderated against the set criteria and standards before task results are released. See further the note on Results in the Policies and Procedures section below.
