Unit description
The overarching aim of this unit is to examine the implications of diversity in family values and the value of family across a range of contexts. Over the course of the unit, we will consider the role of socio-cultural, economic and political contexts in shaping family life and family values in the 21st century. Drawing on a variety of resources, including diverse media, academic publications and reflections on personal experiences, we will explore changing family lives and the extent to which traditional, largely Western-based, images of ‘family’ life reflect contemporary experiences and practices of families and children in Australia and abroad.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

General Assessment Information

- Students should be aware of and apply the University policy on academic honesty (see: https://policies.mq.edu.au/document/view.php?id=3)
- Unless a Special Consideration (see: https://students.mq.edu.au/study/assessment-exams/special-consideration) request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of 0 (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.
- This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.
- Please format assessments using 12-point font and 1.5 spacing.
- All assessments are submitted electronically. Turnitin plagiarism detection software is used to check all written assessments.
• Students can use Turnitin’s Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.

• Students should carefully check that they submit the correct file for an assessment as no re-submissions will be accepted after the due date and time, including instances where students upload an incorrect file in error.

• Word limits are strictly applied. Work above the word limit will not be marked.

• All assessments are marked using a rubric.

• Marking of all assessments is moderated by the Unit Convenor.

• Applications for extensions must be made via AskMQ (https://ask.mq.edu.au/).

• It is not the responsibility of unit staff to contact students who have failed to submit assessments. If you have any missing items of assessment, it is your responsibility to make contact with the unit convenor.

5Rs Framework
The 5Rs Framework, developed by the School of Education at Macquarie University, is embedded throughout your teacher education course. Your use of the 5Rs Framework will help you develop the capabilities that will make your teaching career sustainable and fulfilling. In this unit, you will learn using the 5Rs framework in the following important ways:

Responsive - all modules - cover all family types. This allows you to think about the various ways we can build responsive relationships with families in our educational settings.

Ready to learn - the essay is set to challenge your thinking and how stereotypes are perpetuated.

Research engaged - the philosophy assessment provides opportunity to engage with the research. One of your modules is also on researching with families and the ethical considerations that need to be thought through. This module also provides opportunities to analyse who is missing in the research on working with families - what are the gaps/who is silenced and what does that mean for educational settings?
