| Unit description                 | This unit will explore what language is and how it develops in early childhood, with a main focus on the years from birth to five. The relationship between language, learning and culture will be investigated. Students will consider different definitions of literacy and examine how oral language in the early years of life relates to subsequent knowledge of written, visual and aural texts. Issues to be addressed include how to create a language and literacy rich environment and the central role of adults in supporting children's language and literacy development in a range of contexts. |

After the 7th day, a mark of 0 (zero) will be awarded even if the assessment is submitted.
- Submission time for all written assessments is set at 11:55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc).
- Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.
- Presentation requirements: Please format assessments using a 12-point font and 1.5 spacing. Please submit each assignment through Turnitin as a single Word or PDF file. (Note: PDF files must be generated in such a way that the text is recognisable and can be highlighted.)
- All assessments are submitted electronically. Turnitin plagiarism detection software is
used to check all written assessments.

• Students can use Turnitin’s Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.

• Students should carefully check that they submit the correct file for an assessment as no re-submissions will be accepted after the due date and time, including instances where students upload an incorrect file in error.

• Word limits are strictly applied. Work above the word limit will not be marked.

• All assessments are marked using a clear marking scheme or a rubric.

• Marking of all assessments is moderated by the Unit Convenor.

• Applications for extensions must be made via AskMQ (https://ask.mq.edu.au/).

• It is not the responsibility of unit staff to contact students who have failed to submit assessments. If you have any missing items of assessment, it is your responsibility to make contact with the unit convenor.

Full assignment instructions

This Unit Guide provides a brief description only of each required assessment piece. Full instructions and relevant materials (e.g. transcriptions and observation notes) will be provided via iLearn.

University policy on grading

Criteria for awarding grades for assessment tasks

Assignments will be awarded grades ranging from HD to F according to guidelines set out in the University's Grading Policy. For Professional Experience units the PE Report is marked as satisfactory or unsatisfactory and the Teaching Performance Assessment (in final PE units) is marked as not meets, meets or exceeds. The following descriptive criteria are included for your information.

Descriptive Criteria for awarding grades in the unit

In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at all assessment tasks. Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit will be 45.

Delivery and Resources

Student workload and requirements

Before commencing this unit, please ensure that you can meet all requirements, including
workload requirements, attendance expectations (if relevant to your mode of enrolment), and assessment submission requirements.

Credit points indicate the approximate hours that a student is expected to spend studying in order to pass a unit. One credit point equals 15 hours; thus, students are expected to spend approximately 10 hours per week (including the two weeks of mid-session recess) studying this unit (i.e. approximately 150hr). Study includes viewing all lectures, participating in tutorials and learning activities, completing set readings and background readings, completing assignments, and using the unit's iLearn site.

Independent study is strongly encouraged in this unit as is participation in online discussions and the completion of study tasks posted on iLearn.

*Please ensure that you have sufficient time to dedicate to your studies before attempting this unit.* We are sympathetic that students often have significant domestic and work-related responsibilities. To be fair to our staff and to other students, however, these cannot be used to justify incomplete work or extension requests.

### Classes and attendance

This unit includes students enrolled in ECHE8230 and ECHX8230.

All students are expected to:

- View all lectures in the unit.
- View lectures and complete any online tasks before or during the weeks in which these are scheduled.
- Be familiar with relevant lectures and complete the specified reading preparation before scheduled classes and online activities.
- Actively contribute to online discussions and scheduled classes.
- Complete and submit all assignments.

**Students enrolled in ECHE8230 are expected to attend all scheduled classes relevant to their mode of enrolment. Attendance will be recorded. Classes start in Week 1.**

Activities completed during classes are essential for building the core knowledge and skills required to demonstrate the learning outcomes of this unit and to meet ACECQA requirements.

OUA students enrolled in ECHX8230: In lieu of class attendance, OUA students are expected to complete online study tasks and participate actively in related online discussions. If they wish to attend any scheduled classes as well, they are more than welcome to do so.

### Required texts

There is one required textbook:

There is also one required curriculum document:

**NOTE:** There are also other required readings that will be available through the library’s website and/or the unit’s iLearn website.

### Access and technical assistance

Information for students about access to the online component of this unit is available at [ilearn.mq.edu.au/login/MQ/](https://ilearn.mq.edu.au/login/MQ/). You will need to enter your student username and password.

<tbody>
<tr>
<td>In relation to young children's language and literacy, students will consider strategies for managing competing demands, from diverse families, centre management, and curriculum requirements.</td>
<td>Videos, hands-on activities and scenarios are employed to encourage students to reflect on and develop recommendations for practice.</td>
<td>The unit has a strong focus on diversity in language and literacy learning experiences, on communicating effectively with families, and on translating research findings into recommendations for practice accessible to both early childhood educators and other stakeholders.</td>
<td>Students engage deeply with required readings as well as find and integrate additional relevant readings in their assignments to assess and develop recommendations for fostering children's language and literacy learning and effective early childhood education practices.</td>
<td>The lectures introduce students to cutting-edge research on early language and literacy, with a strong focus on relevant projects at MQ School of Education.
