Unit description
In this unit students will build on the knowledge of early childhood theory and practice that gained from your experiences in ECHE6030. Students will extend understanding of critical reflection and personal professional philosophy as a developing teacher. Central to this unit is a 20 day professional experience placement to develop awareness of the professional role and responsibilities of an early childhood teacher working with children from two to five years. This unit therefore combines theory and practice to enable students to construct practical knowledge of teaching and learning through guided reflection.

Passing a Professional Experience Unit

To pass a Professional Experience unit, students must achieve a satisfactory result for their professional experience placement AND achieve a satisfactory result overall for their academic assessment tasks (where applicable) in the unit. Professional Experience Unit Placement Expectations

- Students must be able to present evidence of completion of several tasks prior to session census date (or as otherwise advised) in order to receive a placement for Professional Experience. Please check your email from the Work Integrated Learning (WIL) Office. Requirements are outlined here as well: https://education.nsw.gov.au/teaching-and-learning/professional-learning/pl-resources/pre-service-teacher-resources/induction-for-pre-service-teachers/mandatory-pre-requisites-for-pre-service-teachers-participating-

- Students must have submitted all written assessment tasks and/or associated unit component requirements prior to the commencement of the block

- Students who are completing a unit offered by another department are expected to inform and negotiate with that unit convenor about their professional experience block dates and to discuss how that unit’s requirements can be met. For some situations, it may mean that you are enrolled externally for that unit so that your attendance for tutorials for that unit is not impacted.

- Feedback from Tertiary Supervisors and/or Supervising Teachers is of a general nature. It is incumbent on the student to check the requirements of any assessments or bookwork prior to submission.

- If a Student is identified being in need of additional support for Professional Practice and/or Bookwork, the School of Education’s ‘Additional Support’ procedure will be activated and they will not be able to withdraw themselves from this Unit.

- Students may not be able to commence their placement until all alleged academic honesty breaches have been investigated and concluded.

https://unitguides.mq.edu.au/unit_offerings/156517/unit_guide/print
The timing of placements can vary. For placements early in the Session, Fail grades may be approved by the University prior to the end of Session for students who do not meet the placement expectations of the Unit.

**Fitness to practice requirements**

Macquarie University operates under a ‘Fitness to Practice’ model as specified in the University's Academic Progression Policy. For this Unit, this means that, when undertaking a placement, a student is declaring that they are able to demonstrate professional competence, acceptable professional behaviour, freedom from impairment, and compliance with program specific requirements needed for a student to practice properly and safely throughout their Practical, Clinical or Professional program or unit. It is the responsibility of the student to determine whether they are fit to undertake a placement. Therefore, if a student is feeling unfit to undertake a placement, they should not do so. For more information https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/academic-progression Twice Fail Rule for Professional Experience Units General Coursework Rule 10(7) stipulates that if a student fails a required unit twice in an undergraduate professional program listed on Schedule 2, they may be permanently excluded from further enrolment in that program.

Students completing a double degree will be able to continue with their other degree program provided they meet the academic progression requirements of the Academic Progression Policy.

Students completing a single Education degree (such as the BTeach/MTeach) are advised to seek academic advice.
