Unit description

This unit provides a broad overview of the research paradigms that characterize the Arts, Humanities and Social Sciences. Through this unit, the Faculty of Arts seeks to provide students with a constructive framework to recognise the possible contribution of diverse theoretical and disciplinary approaches. By concentrating on a core problem that crosses disciplinary boundaries in their final assessment task, demonstrating how that problem might be confronted under different paradigms, students will become conversant in a range of analytical techniques and theoretical perspectives. Students will learn to better recognise the assumptions that underwrite diverse approaches, their strengths, and their relations to each other, especially to facilitate collaboration and the exchange of ideas. Although much of scholarship today requires focused specialisation, being able to communicate our ideas, recognising the significance of new research, and building meaningful collaborations all require an understanding of the diversity of approaches available in the Arts.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** refer to and use key texts and intellectual paradigms in the context of a range of Arts disciplines.

**ULO3:** communicate a clear and coherent explanation of ideas to different audiences, including within their own discipline and across cognate disciplines.

**ULO4:** analyse a model text and identify broad paradigms being deployed by another theorist.

**ULO5:** devise model research projects, on a single topic, demonstrating command of multiple theoretical paradigms.

**ULO6:** describe and evaluate diverse theoretical paradigms in general and in relation to a particular research topic.

## General Assessment Information

### Late Assessment Submission Penalty

*Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of, 0 (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.*

*This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.*

## Assessment Tasks

Name	Weighting	Hurdle	Due
<u>Textual analysis essay</u>	40%	No	23/04/2023
<u>Research design paper</u>	60%	No	04/06/2023

### Textual analysis essay

Assessment Type <sup>1</sup>: Essay

Indicative Time on Task <sup>2</sup>: 20 hours

Due: **23/04/2023**

Weighting: **40%**

Based on target texts selected by the unit convenors, students are responsible for an analytical essay detailing where at least two (preferably three or more) of the research paradigms discussed in the unit have been employed. Students should be able to cite specific passages, concepts and terminology from the target text to demonstrate where and how a paradigm is being used, and relate them to readings, lectures, and key concepts from the unit.

On successful completion you will be able to:

- refer to and use key texts and intellectual paradigms in the context of a range of Arts disciplines.
- communicate a clear and coherent explanation of ideas to different audiences, including within their own discipline and across cognate disciplines.
- analyse a model text and identify broad paradigms being deployed by another theorist.

## Research design paper

Assessment Type <sup>1</sup>: Essay

Indicative Time on Task <sup>2</sup>: 30 hours

Due: **04/06/2023**

Weighting: **60%**

The research design paper is an essay in which the student will lay out the initial proposal for three different project designs, all on a single topic, demonstrating how the project would be articulated under three different research paradigms.

On successful completion you will be able to:

- refer to and use key texts and intellectual paradigms in the context of a range of Arts disciplines.
- communicate a clear and coherent explanation of ideas to different audiences, including within their own discipline and across cognate disciplines.
- devise model research projects, on a single topic, demonstrating command of multiple theoretical paradigms.
- describe and evaluate diverse theoretical paradigms in general and in relation to a particular research topic.
