Unit description

Evolution of Education explores the historical, philosophical, sociological and pedagogical context of contemporary educational settings, from birth through to adult education. In particular, this unit examines the different ways that contemporary educational settings, from early childhood to adult education, are evolving as a result of the challenges of our increasingly interconnected, globalised, rapidly changing and complex world. The unit also seeks to identify how educational settings can better meet the needs of 21st Century learners, and support citizens become flexible, creative thinkers, problem solvers and communicators. The subject will be of interest to students from a range of disciplines across the humanities and social sciences.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Explain the historical, philosophical, sociological and pedagogical context of contemporary provision of education from birth to adult education.

ULO3: Investigate and present a topic related to the historical or contemporary provision of education from their chosen discipline area (e.g. history, philosophy, sociology, pedagogy, etc).

ULO2: Identify and critically reflect on how contemporary provision of education at all

levels can meet the needs of 21st century learners and society

ULO4: Formulate, research and write a research essay related to historical or contemporary provision of education from their chosen discipline area.

General Assessment Information

There are three (3) assessment tasks in this subject. In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at all assessment tasks. Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit is 45.

Assessment Presentation and Submission Guidelines

Please follow these guidelines when you submit your assignment:

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- All assessments must be submitted through Turnitin in .doc or .pdf format
- It is the responsibility of the student to ensure that all assessments are successfully submitted through Turnitin.
- Faculty assignment cover sheets are NOT required

Draft Submissions & Turnitin Originality Reports

- Students may use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.
- Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.
- The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.
- Generally, one Originality Report is generated every 24 hours up to the due date.

Please note:

- Students should regularly save a copy of all assignments before submission.
- Students are responsible for checking that the correct file has been uploaded, that their submission has been successful, and that it has been submitted by the due date and time.

Assignment extensions and late penalties

In general, there should be no need for extensions except through illness or misadventure that would be categorised as serious and unavoidable disruption according to the University definition of same, see: <https://students.mq.edu.au/study/my-study-program/special-consideration>

- Applications for extensions must be made via AskMQ according to the Special Consideration policy. Extensions can only be granted if they meet the Special Considerations policy and are submitted via <https://ask.mq.edu.au/>. This will ensure consistency in the consideration of such requests is maintained.
- **Late Assessment Submission Penalty:** Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of, 0 (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.
- **Requesting a re-assessment of an assignment**
- If you have evidence that your task has been incorrectly assessed against the grade descriptors you can request a re-mark. To request a re-mark you need to contact the unit convenor within 7 days of the date of return of the assignment and provide a detailed assessment of your script against the task criteria. Evidence from your assignment must be provided to support your judgements.

Note:

- Please do not request a re-mark for a Failed assessment as they are all double-marked as a part of the moderation process.
- The outcome of a re-mark may be a higher/lower or unchanged grade.

Grades are standards referenced and effort is NOT a criterion.

University policy on grading

- Criteria for awarding grades for assessment tasks

Assignments will be awarded grades ranging from HD to F according to guidelines set out in the University's Grading Policy. The following descriptive criteria are included for your information.

Descriptive Criteria for awarding grades in the unit

- In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at all assessment tasks. Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit will be 45.

Students will be awarded grades ranging from HD to F according to the following generic grade descriptors of the university-wide standards for awarding final grades.

| Grade | Descriptor |
|--------------------------|---|
| HD (High Distinction) | Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem-solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the discipline. |
| D (Distinction) | Provides evidence of integration and evaluation of critical ideas, principles and theories, distinctive insight and ability in applying relevant skills and concepts in relation to learning outcomes. There is demonstration of frequent originality in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the discipline and the audience. |
| Cr (Credit) | Provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; convincing argumentation with appropriate coherent justification; communication of ideas fluently and clearly in terms of the conventions of the discipline. |
| P (Pass). | Provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the field of study; routine argumentation with acceptable justification; communication of information and ideas adequately in terms of the conventions of the discipline. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes |
| F (Fail) | Does not provide evidence of attainment of learning outcomes. ?There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; missing, undeveloped, inappropriate or confusing argumentation; incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline. |

If you are considering withdrawing from this unit, please seek academic advice via <https://ask.mq.edu.au> before doing so as this unit may be a co-requisite or prerequisite for units in the following sessions and may impact on your progression through the degree.

Delivery and Resources

Required Texts

There are no required texts for this Unit.

Delivery

Learning content for this Unit will be delivered in weekly, three hour seminars, by a range of academics who are experts in their field. The format of these seminars will vary. The weekly schedule will be available on i-Learn.

The seminars are intended to promote engagement in scholarly debate and critique about the provision of education (either historical or contemporary) from a range of disciplinary perspectives.

Students are required to participate in these seminars either in person or via Zoom. Links for Zoom will be provided in i-Learn.

Students are expected to actively participate in seminars, read the weekly materials in advance, as well as engage in significant self-guided investigation on a topic of their choosing related to the provision of education from birth to adulthood.

Access to iLearn and ICT skills

This unit has a full web presence through iLearn. The iLearn page will provide students with additional readings, links and materials. This unit requires students to use several ICT and software skills:

- Students will need regular access to a computer and skills in word processing, visual representations, and document formatting: You are required to use an appropriate form of software to present your assessments
- Internet access: The iLearn site contains materials for this unit; it is also required for the online Turnitin submission of Assessment Tasks 1 & 3.
- Weekly access to iLearn is compulsory for all students. Important assessment

information will be posted here. Various activities and materials for discussion and critical reflection are included and students are encouraged to use electronic links and suggested references. Please check the iLearn unit regularly.

- Information for students about access to the online component of this unit is available at ilearn.mq.edu.au/login/MQ/. You will need to enter your student username and password.

Assistance is available from IT Helpdesk ph: 1800 67 4357, or log a request at help.mq.edu.au. OneHelp is the online IT support service for students.

Please do NOT contact the Unit Convenor regarding iLearn technical help. No extensions will be given for any technical issues. Allow enough time for your submissions.
