General Information

Unit convenor and teaching staff Kate Lloyd kate.lloyd@mq.edu.au
Credit points 10
Prerequisites 40cp at 1000 level or above
Corequisites
Co-badged status
Unit description Research skills are essential to understanding space and place, and for contributing to social change. This unit introduces students to the process of designing and undertaking research. It provides an overview of theoretical frameworks in human geography and planning and explores their importance in shaping how researchers and organisations identify and engage with contemporary issues. Students will develop knowledge about research methodologies and gain skills in research design, data collection and analysis through applying a variety of research methods in real life contexts. Through the unit, students will consider how research generates different types of geographical and planning knowledge, and gain an appreciation for the wider role of research in society.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** Discuss the role of research in shaping knowledge about space and place
- ULO2:** Explain how theoretical approaches in geography and planning are connected with research methodologies
- ULO3:** Identify and describe a range of research methods and forms of data analysis within geography and planning
- ULO4:** Apply research skills in practice using diverse methods of data collection and

analysis

General Assessment Information

Assignment requirements and submission

Detailed requirements and marking rubrics for each assessment are available from the iLearn site. All written assignments should be submitted [online to Turnitin](#) via the relevant links provided in iLearn. You are **not** required to submit a hardcopy of any assignments or include a cover sheet.

Assessment extensions and late penalties

Circumstances that affect your ability to complete assignments by the deadline must be discussed with the convenor (Kate) prior to the due date. Extensions will be granted only in unforeseen or exceptional circumstances according to the University [Special Consideration policy](#). Students must apply online via [AskMQ](#) and provide appropriate supporting documentation (e.g. medical certificate).

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.

Assessment feedback

Feedback for assignments will be made available online and where relevant in the workshops. The grade will be in the form of a letter as consistent with University policy (HD, D, Cr, P, F) alongside written feedback.

Assessment Tasks

Name	Weighting	Hurdle	Due
Research skills exercises	30%	No	Weeks 2, 6, 8, 12
Research methods toolkit	40%	No	Week 13, Friday 2nd June
Quizzes	30%	No	Weeks 2, 6, 8, 12

Research skills exercises

Assessment Type ¹: Participatory task

Indicative Time on Task ²: 12 hours

Due: **Weeks 2, 6, 8, 12**

Weighting: **30%**

Skills exercises focusing on a range of research activities and tasks, including research design, data collection and data analysis.

On successful completion you will be able to:

- Discuss the role of research in shaping knowledge about space and place
- Explain how theoretical approaches in geography and planning are connected with research methodologies
- Identify and describe a range of research methods and forms of data analysis within geography and planning
- Apply research skills in practice using diverse methods of data collection and analysis

Research methods toolkit

Assessment Type ¹: Portfolio

Indicative Time on Task ²: 50 hours

Due: **Week 13, Friday 2nd June**

Weighting: **40%**

A research methods toolkit based on analysis and reflections of readings and practical exercises.

On successful completion you will be able to:

- Discuss the role of research in shaping knowledge about space and place
- Explain how theoretical approaches in geography and planning are connected with research methodologies
- Identify and describe a range of research methods and forms of data analysis within geography and planning
- Apply research skills in practice using diverse methods of data collection and analysis

Quizzes

Assessment Type ¹: Quiz/Test

Indicative Time on Task ²: 30 hours

Due: **Weeks 2, 6, 8, 12**

Weighting: **30%**

Online quizzes drawing on unit content and readings

On successful completion you will be able to:

- Discuss the role of research in shaping knowledge about space and place
- Explain how theoretical approaches in geography and planning are connected with research methodologies

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Unit design

The unit is designed in four modules. The content for each will be made available at the start of each module for you to work through in your own time (so Module 1 will be available at the start of week 1, Module 2 at the start of week 3 and so on).

There is a 2 hour timetabled lecture slot each week (Monday 1-3pm). In week 1, the lecture will be delivered on campus as an introduction to the unit (recorded for students who are unable to attend). From weeks 2-13 students are expected to access the prerecorded content via iLearn. In addition academic staff will offer weekly Zoom drop-in sessions where we will be available to answer any questions about the unit. Please see iLearn for details.

Quizzes

Each module will end with a quiz and a workshop and these will run in weeks 2, 6, 8, 12. You will not be able to access the assessed quizzes unless you have first reviewed all module content. You need to have reviewed all module content and completed the quiz before attending the on-campus workshop.

Workshops

There are 4 compulsory on-campus workshops, scheduled for weeks 2, 6, 8 and 12. You need to review all material and complete the quiz before you attend the workshops. Each workshop will be 3 hours- you should sign up for your preferred time and attend the same workshop each time. Tasks completed in the workshops will be assessed and will also generate the data needed for the final assessment task. There is no online alternative for these workshops. Students need to

attend all four workshops to successfully complete the unit.

Reading/viewing

Required reading (journal articles and chapters) and viewing (video material) will be listed on iLearn and available via Leganto.

Technology used and required

All enrolled students have access to the GEOP2010 website via iLearn. iLearn will provide access to lectures (powerpoint presentations for download and recordings through the University's Echo360 lecture recording facility) as well as readings, links and forum discussions. Regular access to iLearn is required in order to complete the unit.

Unit Schedule

Week	w/c	Topic	Workshop	Assessment
1	20th Feb	MODULE 1: Introduction to unit and your research skills toolkit		Practice quiz
2	27th Feb		Workshop 1	Quiz and research skills exercises (1)
3	6th March	MODULE 2: Qualitative Research		
4	13th March			
5	20th March			
6	27th March		Workshop 2	Quiz and research skills exercises (2)
7	3rd April	MODULE 3: Quantitative Research		
<i>Recess (10-23 April)</i>				
8	24th April		Workshop 3	Quiz and research skills exercises (3)
9	1st May	MODULE 4: Data analysis and communication of research findings		

10	8th May			
11	15th May			
12	22 nd May		Workshop 4	Quiz and research skills exercises (4)
13	29 th May			Research skills toolkit due Friday 2 nd June 5pm

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](https://policies.mq.edu.au) (<https://policies.mq.edu.au>). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Assessment Procedure](#)
- [Complaints Resolution Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#)

Students seeking more policy resources can visit [Student Policies](https://students.mq.edu.au/support/study/policies) (<https://students.mq.edu.au/support/study/policies>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central](https://policies.mq.edu.au) (<https://policies.mq.edu.au>) and use the [search tool](#).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/admin/other-resources/student-conduct>

Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Academic Integrity

At Macquarie, we believe [academic integrity](#) – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free [online writing and maths support](#), [academic skills development](#) and [wellbeing consultations](#).

Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

The Writing Centre

[The Writing Centre](#) provides resources to develop your English language proficiency, academic writing, and communication skills.

- [Workshops](#)
- [Chat with a WriteWISE peer writing leader](#)
- [Access StudyWISE](#)
- [Upload an assignment to Studiosity](#)
- [Complete the Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)
- [Ask a Librarian](#)

Student Services and Support

Macquarie University offers a range of [Student Support Services](#) including:

- [IT Support](#)
- [Accessibility and disability support](#) with study
- Mental health [support](#)
- [Safety support](#) to respond to bullying, harassment, sexual harassment and sexual assault
- [Social support](#) including information about finances, tenancy and legal issues
- [Student Advocacy](#) provides independent advice on MQ policies, procedures, and processes

Student Enquiries

Got a question? Ask us via [AskMQ](#), or contact [Service Connect](#).

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.
