Unit description

The Geography and Planning field school provides students with an opportunity to apply skills in a real-world environment. Students will develop theoretical and practical knowledge in the context of a specific field site and will participate in research exercises that prepare them for conducting future independent research. Working in a team, students will gain first-hand experience in applying research skills using different methods of data collection alongside assessing, analysing and presenting data. Students will also gain practical skills in assessing ethical implications, and considering the risks and hazards involved in doing fieldwork. On the basis of these activities, students will gain a clear understanding of the skills required for conducting geographic and planning research and have the capacity to see a research project through from start to finish.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Define, plan and execute a research project, incorporating practical and ethical elements of conducting research.

ULO2: Apply geographical and planning theory and methods to a specific field site.

ULO3: Demonstrate skills in project management, data collection, data analysis and communication of research findings.

ULO4: Work independently and as part of a team.

General Assessment Information

Assignment requirements and submission

Detailed requirements and marking rubrics for each assessment are available from the iLearn site. All written assignments should be submitted [online to Turnitin](#) via the relevant links provided in iLearn. You are **not** required to submit a hardcopy of any assignments or include a cover sheet.

Late Assessment Submission Penalty

Unless a Special Consideration request has been submitted and approved, **a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted**, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). **Late submission of time sensitive tasks** (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) **will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.**

Assessment feedback

All feedback for assignments will be made available online. The grade will be in the form of a letter as consistent with University policy (HD, D, Cr, P, F) alongside written feedback

Assessment Tasks

Name	Weighting	Hurdle	Due
Presentation	20%	No	Week 11 Thursday 9-12pm 19/10/2023
Field School Portfolio	50%	No	Week 10 23:59 13/10/2023
Field School Brief	30%	No	Week 7 23:59 8/09/2023

Presentation

Assessment Type ¹: Presentation

Indicative Time on Task ²: 10 hours

Due: **Week 11 Thursday 9-12pm 19/10/2023**

Weighting: **20%**

Students present their field school output in small groups and submit individual presentation scripts (600-800 words). Presentations will include the key observations made in the field, and a discussion and interpretation of these observations.

On successful completion you will be able to:

- Define, plan and execute a research project, incorporating practical and ethical elements of conducting research.
- Apply geographical and planning theory and methods to a specific field site.
- Demonstrate skills in project management, data collection, data analysis and communication of research findings.
- Work independently and as part of a team.

Field School Portfolio

Assessment Type **1**: Field work task

Indicative Time on Task **2**: 30 hours

Due: **Week 10 23:59 13/10/2023**

Weighting: **50%**

A 2,500-word portfolio comprising a) group analysis of approaches and observations from the field in the context of the wider literature; and b) individual reflections based on a fieldwork diary compiled during the field trip.

On successful completion you will be able to:

- Define, plan and execute a research project, incorporating practical and ethical elements of conducting research.
- Apply geographical and planning theory and methods to a specific field site.
- Demonstrate skills in project management, data collection, data analysis and communication of research findings.
- Work independently and as part of a team.

Field School Brief

Assessment Type **1**: Report

Indicative Time on Task **2**: 10 hours

Due: **Week 7 23:59 8/09/2023**

Weighting: **30%**

A 1,000-word project brief drawing on academic and policy literature related to the field site.

On successful completion you will be able to:

- Define, plan and execute a research project, incorporating practical and ethical elements of conducting research.
- Apply geographical and planning theory and methods to a specific field site.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Delivery and Resources

Classes

The Geography and Planning field school will run on campus and at our field site location, Sydney Olympic Park. We will meet on Thursday's from 9-12pm. In weeks 2, 5, 6 we will meet at Sydney Olympic Park. There will also be optional field work at Sydney Olympic Park in the mid-session break.

Given the nature of the unit students will not be able to complete the unit successfully if they do not attend all face-to-face workshops and field site visits.

Reading

Required reading (journal articles and chapters) will be listed on iLearn and available via Leganto.

Technology used and required

All enrolled students have access to the GEOP2060 website via iLearn. iLearn will provide access to unit resources (powerpoint presentations for download) as well as readings, links and forum discussions. Regular access to iLearn is required in order to complete the unit.

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to
