Unit description
A future-focused capability for all managers is the ability to identify the problem and develop creative solutions. Without creativity, your business runs the risk of falling behind competitors, becoming less agile and could be vulnerable to market pressures. The two units in the Capstone apply the knowledge learnt throughout the course into an industry challenge. In Applied Immersion 1, each group will identify a start-up opportunity and explore this situation based on their learning throughout the GMBA as well as pertinent literature. Groups will have access to an industry panel throughout this unit, providing opportunity for substantial work-integrated learning.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Reflect on your experiences to advance learning and skill development.
ULO2: Synthesise and critically analyse literature and industry information pertinent to an industry challenge or opportunity.
ULO3: Apply innovative problem solving and self-directed project planning skills to complete a complex project
ULO4: Present complex material effectively.
General Assessment Information

Late submissions of assessments

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of ‘0’ will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.

Special Consideration

To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.

Word limits

Anything beyond a stated assessment word limit (other than your reference list) may not be marked. Seek any further clarification from the unit convenor.

Unit Schedule
Unit Schedule
Refer to the timetable information on the G MBA website or MQ Timetable Portal for Live Event session timings. Please note the timetable can be subject to change. See your Coursera unit for a detailed Live Event schedule.

Live Events will take place via Zoom each week starting in Week 1 and ending in Week 6. The links to the events will be active from 10 minutes prior to the scheduled time and are available via Live Events in the left-hand navigation menu in your Coursera unit.

You will need to use your Macquarie University student Zoom account to access the Live Events.

Attending the Live Event each week is an opportunity to engage with the unit content, your Unit Convenor, and classmates. Students are strongly advised to attend the Live Events. Recordings will be made available in the unit contents on Coursera shortly after the event.
