Unit description

This unit provides introductory Japanese language instruction for students with no previous knowledge of Japanese. Students develop basic speaking, listening, reading & writing skills, including mastery of the hiragana & katakana scripts. By the end of the course, students should be able to describe their surroundings, ask questions, make plans, and effectively participate in a variety of fundamental conversations. Furthermore, the course will also assist students in developing an awareness of sociocultural issues which influence Japanese language use. The class provides opportunities for interactive language learning, and a wide variety of methods for Japanese practice through the use of online resources.

General Assessment Information

General Assessment Information

Rubrics and indicative samples are provided in iLearn as additional guidance on standards of achievement for different assessment types.

Submission of most tasks is via iLearn. All assessment tasks are compulsory and must be submitted on time. Assignment tasks handed in early will not be marked and returned before the due date.

Late Assessment Submission Penalty

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue. This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.

To be very clear:

- *Unless you have applied for special consideration and had your application approved, for each day your assignment is late, 5% of the total possible marks will be deducted. For example, if you submit your assignment 7 days late, 35/100 marks will be deducted from your actual mark.*
- *If your assignment is more than 7 days late (including weekends), you will get 0 for your assignment.*

These are serious penalties that will substantially alter your final grade and even determine whether you pass or fail this unit. Please make every effort to submit your assignment by the due date.

If you find you cannot submit your assignment on time, please apply for Special Consideration through AskMQ. Make sure you read Macquarie University's policy regarding Special Consideration requests before you apply:

<https://students.mq.edu.au/study/assessment-exams/special-consideration>
