### Unit description

In this unit students are introduced to applied legal ethics and the law that governs the roles and responsibilities of solicitors and barristers in Australia. The unit covers the history and profile of the legal profession, the development of ethical reasoning and application of ethical systems to legal practice. Students will study the legal and philosophical problems confronting lawyers, including confidentiality, access to justice, truth in the adversarial system, conflicts of interest and relationships between lawyers, clients and the community. They will learn how the legal profession is regulated and analyse the effectiveness of the professional disciplinary regime. The unit also introduces students to general skills of ethical problem solving and to the importance of sound communication skills for the practice of law.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

**ULO2:** Identify different theoretical approaches to legal ethics and relate these approaches to a range of problems and settings.

**ULO3:** Explain and apply the law of professional responsibility that regulates the practice

of law in Australia, including duties owed to the court, to the client, to practitioners, and to the community.

## General Assessment Information

All assessments are submitted electronically. Turnitin plagiarism detection software is used to check all written assessments.

Students should carefully check that they submit the correct file for an assessment, as re-submissions will not be accepted after the due date and time, including instances where students upload an incorrect file in error.

Word limits are strictly applied. Work above the word limit will not be marked. Footnotes are to be used only for referencing. Referencing must conform to the requirements set out in the Australian Guide to Legal Citation 4th edition.

Marking of all assessments is moderated through a process of blind marking and the use of detailed marking rubrics.

### Late penalty policy

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessments (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time-sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.

### Special Consideration

Students should submit applications for Special Consideration electronically via [ask.mq.edu.au](http://ask.mq.edu.au), along with the supporting documentation. Before submitting their applications, students should refer to the Special Consideration Policy (link provided under 'Policies and Procedures' below).
