### Unit description

This unit examines the law of torts and its operation in context from doctrinal, practical and theoretical perspectives. The unit builds on and extends knowledge and skills gained in previous law units, with particular emphasis on skills of oral and written communication, problem solving, and analysis of primary source material. Torts addresses critical questions about social responsibility and obligations members of a community owe to one other, and how civil legal standards can and should be used to encourage appropriate behaviour and rectify wrongs. Negligence is the principal focus; other topics studied include intentional torts, nuisance and different types of liability.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at [https://www.mq.edu.au/study/calendar-of-dates](https://www.mq.edu.au/study/calendar-of-dates)
Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Describe the fundamental doctrines and sources (both common law and statute) for different types of torts and categories of liability

ULO2: Critically analyse the current state of tort law including law reform proposals and comparative developments in other jurisdictions.

ULO3: Apply tort law to complex problems using appropriate legal problem-solving techniques.

ULO4: Analyse the elements and categories of negligence and determine possible defences to a negligence action

ULO5: Identify and analyse the legal components of selected property torts including nuisance, trespass to land and chattels, conversion and intentional torts to the person.

General Assessment Information

Students should submit applications for Special Consideration electronically via ask.mq.edu.au, along with the supporting documentation. Before submitting their applications, students should refer to the Special Consideration policy.

Markers will strictly apply the prescribed word limits and will not mark work exceeding the word limit or impose a penalty. Markers will use plagiarism detection software.

The iLearn website includes detailed marking rubrics. Markers undertake a process of ‘blind marking’ to apply a common marking standard. Markers will double mark all Fail assessments. The Unit Convenor will moderate marks for the purposes of consistency and quality standards.

For the assessment of class participation, please refer to the detailed guidelines posted on iLearn.

Late penalty policy

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of ‘0’ (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (including essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special Consideration application. Special Consideration outcome may result in a new question or topic.

Delivery and Resources

The delivery of this Unit combines two hours of lecture every week (one hour face-to-face and one hour pre-recorded), a weekly one hour tutorial (face-to-face or online) during weeks 2-13, and online learning content on iLearn.

The required textbook for this Unit is: Carolyn Sappideen, Prue Vines and John Eldridge, Torts: Commentary and Materials (Thomson Reuters, 13th ed, 2021).

Students can buy this textbook online from the following sources:

1. Directly from Thomson Reuters: https://legal.thomsonreuters.com.au/student/ (students can receive 15% discount and free shipping if they sign up for the student Promo Code; Book and eBook bundles can be purchased at a 25% discount)

2. From online resellers such as Booktopia, Amazon and Zookal.

All other supplementary resources will be made available through iLearn.

Students require access to a computer, internet with decent speed and a secure/reliable server. The iLearn page contains all Unit requirements and a weekly schedule for teaching, readings and tutorials. Information about all assessment tasks is also available on iLearn. Students MUST submit all assessments through iLearn.
