Unit description
This unit is the capstone unit within the Bachelor of Clinical Science. It aims to prepare MQ students to become lifelong learners in a connected world and take responsibility for their own learning and professional development needs. It adopts an enactivist approach where students learn to identify learning opportunities as they arise in work or life situations and take appropriate actions. In line with this approach, the unit provides work-integrated learning experience in a health-related context with placements undertaken in a range of settings. You will be supported in performing professional activities as relevant to your placements and reflecting on your performance for improvement. You will also have opportunities to build skills necessary to apply for jobs, form professional networks and develop a foundation for continuing professional development. Students will have the opportunity to commence their PACE placement either prior to or during the teaching period.

Visit Employability Connect for important information on this unit including required preparation and closing dates for PACE activities.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Effectively communicate your professional capabilities to potential colleagues and employers.
ULO2: Identify further developmental needs and implement appropriate lifelong learning strategies to meet them.
ULO3: Reflect on the process of the placement and the learning experience.
ULO4: Apply knowledge and employ effective presentation techniques to develop and present a career-focused professional portfolio.

General Assessment Information
Grade descriptors and other information concerning grading are contained in the Macquarie University Assessment Policy.

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the Assessment Procedure (clause 128).
To pass this unit, you must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or better.

**Students will be required to complete the 70 hour placement to meet the unit learning outcomes.** According to the [Work Integrated Learning Policy (WIL)](https://unitguides.mq.edu.au/unit_offerings/157808/unit_guide/print), students will be responsible for:

1. completing any preparation obligations for the WIL experience in accordance with University and WIL partners’ requirements;
2. meeting the expectations of professional behaviour;
3. observance of reasonable directions from the WIL partner/organisation;
4. maintaining satisfactory performance and progression during the WIL experience; and
5. contacting the University promptly should an issue or incident occur during the WIL experience.

Further details for each assessment task will be available on iLearn.

**Late Submissions**

Unless a Special Consideration request has been submitted and approved, a 5% penalty (OF THE TOTAL POSSIBLE MARK) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of ‘0’ will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For example:

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.
Special Consideration

If you are unable to complete an assessment task on or by the specified date due to circumstances that are unexpected, unavoidable, significantly disruptive and beyond your control, you may apply for special consideration in accordance with the Special Consideration Policy. Applications for special consideration must be supported by appropriate evidence and submitted via ask.mq.edu.au.

Cover Letter

Assessment Type 1: Professional writing  
Indicative Time on Task 2: 10 hours  
Due: **Week 3**  
Weighting: **20%**

Students will develop a cover letter to address a specific role and identify personal skills that align with the Graduate Capabilities.

On successful completion you will be able to:

- Effectively communicate your professional capabilities to potential colleagues and employers.
- Identify further developmental needs and implement appropriate lifelong learning strategies to meet them.
- Apply knowledge and employ effective presentation techniques to develop and present a career-focused professional portfolio.

Elevator Pitch

Assessment Type 1: Media presentation  
Indicative Time on Task 2: 7 hours
Due: **Week 6**  
Weighting: **15%**

Development and presentation of a personalised elevator pitch aimed at a potential future employer.

On successful completion you will be able to:

- Effectively communicate your professional capabilities to potential colleagues and employers.
- Apply knowledge and employ effective presentation techniques to develop and present a career-focused professional portfolio.

### Placement Reflective Report

**Assessment Type**: Work-integrated task  
**Indicative Time on Task**: 15 hours  
**Due**: **Week 11**  
**Weighting**: **25%**

This task is comprised of 2 components:

1) A reflective report on the PACE activities and how it relates to the professional development activities and the graduate capability statements. Students are required to maintain a Log Book throughout the PACE placement which can be drawn upon to complete this task.

2) PACE Engagement Assessment to be completed by the host supervisor. Supervisors will evaluate and provide feedback on student professionalism and engagement with activities during the placement, as signed off by the placement supervisor.

On successful completion you will be able to:

- Identify further developmental needs and implement appropriate lifelong learning strategies to meet them.
- Reflect on the process of the placement and the learning experience.

### Graduation Portfolio

**Assessment Type**: Portfolio  
**Indicative Time on Task**: 20 hours  
**Due**: **Week 13**  
**Weighting**: **40%**
Graduation portfolio that demonstrates attainment of graduate capabilities through submission of reflections and an oral summary.

On successful completion you will be able to:

- Effectively communicate your professional capabilities to potential colleagues and employers.
- Identify further developmental needs and implement appropriate lifelong learning strategies to meet them.
- Reflect on the process of the placement and the learning experience.
- Apply knowledge and employ effective presentation techniques to develop and present a career-focused professional portfolio.

1 If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Writing Centre for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

As a student enrolled in this unit, you will engage in a range of online and face-to-face learning activities, including work-integrated learning (placement which accounts for the majority of the contact hours within this unit), online modules, videos and lectures. Details can be found on the iLearn site for this unit.

Recommended Readings

There is no textbook for this unit.

Additional readings to support the completion of your assessments can be accessed through the library.

Technology Used

Active participation in the learning activities throughout the unit will require students to have access to a tablet, laptop or similar device. Students who do not own their own laptop computer may borrow one from the university library.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](https://www.mq.edu.au/about_us/offices_and_units/information_technology/help/).

The policy applies to all who connect to the MQ network including students.

**Inclusion and diversity**

Social inclusion at Macquarie University is about giving everyone who has the potential to benefit from higher education the opportunity to study at university, participate in campus life and flourish in their chosen field. The University has made significant moves to promote an equitable, diverse and exciting campus community for the benefit of staff and students. It is your responsibility to contribute towards the development of an inclusive culture and practice in the areas of learning and teaching, research, and service orientation and delivery. As a member of the Macquarie University community, you must not discriminate against or harass others based on their sex, gender, race, marital status, carers' responsibilities, disability, sexual orientation, age, political conviction or religious belief. All staff and students are expected to display appropriate behaviour that is conducive to a healthy learning environment for everyone.

**Professionalism**

In the Faculty of Medicine, Health and Human Sciences, professionalism is a key capability embedded in all our courses.

As part of developing professionalism, students are expected to attend all small group interactive sessions including clinical, practical, laboratory, work-integrated learning (e.g., PACE placements), and team-based learning activities. Some learning activities are recorded (e.g., face-to-face lectures), however you are encouraged to avoid relying upon such material as they
do not recreate the whole learning experience and technical issues can and do occur. As an adult learner, we respect your decision to choose how you engage with your learning, but we would remind you that the learning opportunities we create for you have been done so to enable your success, and that by not engaging you may impact your ability to successfully complete this unit. We equally expect that you show respect for the academic staff who have worked hard to develop meaningful activities and prioritise your learning by communicating with them in advance if you are unable to attend a small group interactive session.

Another dimension of professionalism is having respect for your peers. It is the right of every student to learn in an environment that is free of disruption and distraction. Please arrive to all learning activities on time, and if you are unavoidably detained, please join activity as quietly as possible to minimise disruption. Phones and other electronic devices that produce noise and other distractions must be turned off prior to entering class. Where your own device (e.g., laptop) is being used for class-related activities, you are asked to close down all other applications to avoid distraction to you and others. Please treat your fellow students with the utmost respect. If you are uncomfortable participating in any specific activity, please let the relevant academic know.
