Unit description

This unit will provide an opportunity for you to revise, reflect and be assessed on your consolidated learning across the Doctor of Medicine (Macquarie MD). It will involve tutorial sessions focused on developing advanced skills involved in responding to feedback, developing action plans and critically reflecting on performance. In this unit, you will reflect on and continue to learn how to evaluate feedback, create action plans to address feedback and reflect critically on their professional development, in reference to graduate capability expectation statements. You will be required to assemble the evidence you need for the summative portfolio assessment to demonstrate your performance and capability across the entire course, and at a level expected for graduation.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Demonstrate achievement of a standard of performance against the graduate expectations, in the capabilities of Scientist and Scholar, Clinical Practitioner, Engaged Global Citizen, and Professional, as appropriate for the Macquarie MD (Capability 1:

Scientist and Scholar, 2: Clinical Practitioner, 3: Engaged Global Citizen, and 4: Professional).

**ULO2:** Demonstrate achievement of a standard of performance against the Graduate Entrustable Professional Activities, as appropriate for graduation from the Macquarie MD (Capability 2 Clinical Practitioner).

**ULO3:** Use feedback from teachers, clinicians, peers and patients, to inform self-evaluation and critical reflection (Capability 4 Professional).

**ULO4:** Demonstrate commitment to lifelong learning with the generation of professional development plans for the next phase of your medical career (Capability 4 Professional).

## General Assessment Information

<sup>1</sup> If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

<sup>2</sup> Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

## Delivery and Resources

This is the second of two units which comprise a total of 16 weeks of advanced clinical placements where you will be embedded in healthcare teams working with individuals with a variety of health conditions in Stage 2 of the Macquarie MD. You will complete placements in Mental Health and Critical and Acute Care as well as various Elective and Selective placements. The 16-week teaching period is followed by an assessment week, plus a remediation week to maximise opportunities for on time completion of the Macquarie MD. The 16 week period is organised into 2 x 8 week rotations to cover disciplines of Mental Health, Critical and Acute Care and various Elective and Selective placements.

Each clinical discipline has a series of learning activities scheduled to assist students to develop the Macquarie MD Capabilities and competence in Entrustable Professional activities and clinical procedures. Students are expected to be part of the healthcare team and are required to self-reflect and identify learning needs as well as seek learning opportunities to meet these learning needs.

### **TECHNOLOGY AND EQUIPMENT**

MQ is a BYOD environment where students are encouraged to bring their personally owned devices (laptops, tablets, etc.) to learning activities and to use these devices to access information and study.

#### *On-campus*

Teaching rooms are equipped with state of the art audio-visual and ICT equipment including iPads, internet connection and multiple LCD screens. Students will use a range of specific equipment typically used in the assessment and management of people with a range of health conditions.

#### *Off-campus*

To study optimally when off campus you will need to have access to a reliable internet connection to retrieve unit information, and at times to submit assessment tasks via iLearn.

### **CONSULTATION WITH STAFF**

Staff will be available for individual consultations, please see iLearn site for information on staff availability for consultation.
