Unit description

What is history and how do historians practice their craft? What is the history of history and does it inform issues and debates in contemporary society? What skills does it teach us? Through the prism of historical literacy this unit explores the meanings, structures, methodologies and interpretive frames of historical thinking as well as the relationship between history and the public sphere. Drawing on knowledge and content from across the major students work individually and collectively on a set of big theoretical questions about history, historical practice and memory. The unit enables students to understand and articulate how their historical literacy is an important attribute of their employability.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## General Assessment Information

### Late Penalties

A late penalty will apply for the research scoping task and the individual thesis component of the assessments. What does this mean?

- A penalty of 5% of the total possible mark (of the task) will be applied each day a written assessment is not submitted, until the 7th day. The 7 days includes weekends.
- After the 7th day, a grade of '0' (zero) will be awarded even if the student submits the assessment. This is to allow for the release of assessment feedback to the remaining class.
- Submission time for written assessments is set at 11.59pm.
- 1 hour grace period is provided to students who have technical concerns.

Where a student has a [special consideration](#) application for an extension \*approved\*, then the rules are applied to the new approved due date for that student.

#### Example

An assessment task is submitted one day late. The task is marked out of 100. The 5% penalty equals 5 marks that will be deducted.

If the above assessment task is worth 40% of the unit then the 5% penalty equates to a 2% deduction.

If the above assessment task is worth 20% of the unit then the 5% penalty equates to a 1% deduction.

#### PLEASE NOTE:

The above policy does not mean that we don't understand that you are human and unforeseen things can hamper progress, etc. The main thing that the convenor encourages is that you communicate your issues in advance so as to avoid this penalty. If we don't know about your issues/concerns we can't do anything about them. If we know we can assess whether an extension can be given.
