Unit description
Data is a key to marketing success. Effective use of data enables organisations to make better marketing decisions and effectively measure their marketing performance. In recent years, data-driven marketing has become increasingly important and prevalent in the business world due to the availability of a growing range of data and computing power. This unit develops students’ knowledge and skills in building and interpreting quantitative analytical models. Students learn to apply a range of marketing models and metrics to analyse marketing data that assists in assessing marketing performance and making optimal and competitive marketing decisions. Students gain knowledge on identifying marketing problems, analysing data, interpreting results and developing solutions for a range of marketing issues.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Evaluate and apply marketing models and metrics to solve a range of marketing problems.

ULO2: Analyse and interpret output of marketing analytics to develop managerial
recommendations.

**ULO3:** Communicate marketing problems and solutions in a professional manner through data and data visualisation.

## General Assessment Information

**Late Assessment Submission Penalty (written assessments)**

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of ‘0’ will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.

## Assessment Tasks

<table>

**Quantitative Analysis 1**

Assessment Type: Quantitative analysis task

Indicative Time on Task: 20 hours

Due: **Week 6**

Weighting: **40%**

This is an individual assessment that involves analysing marketing data with appropriate metrics/models, interpreting output, developing managerial recommendations and reporting.

On successful completion you will be able to:

- Evaluate and apply marketing models and metrics to solve a range of marketing problems.
- Analyse and interpret output of marketing analytics to develop managerial recommendations.
Quantitative Analysis 2

Assessment Type 1: Quantitative analysis task
Indicative Time on Task 2: 15 hours
Due: Week 9
Weighting: 30%

This is an individual assessment that involves analysing marketing data with appropriate metrics/models, interpreting output, developing managerial recommendations and reporting.

On successful completion you will be able to:

- Evaluate and apply marketing models and metrics to solve a range of marketing problems.
- Analyse and interpret output of marketing analytics to develop managerial recommendations.

Modelling Task

Assessment Type 1: Modelling task
Indicative Time on Task 2: 15 hours
Due: Week 13
Weighting: 30%

This is an individual assessment that involves analysing marketing data and visualising the data using data visualisation platforms.

On successful completion you will be able to:

- Analyse and interpret output of marketing analytics to develop managerial recommendations.
- Communicate marketing problems and solutions in a professional manner through data and data visualisation.

1 If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
• the Writing Centre for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Modes of Delivery

• 3 hours teaching per week consisting of: 1 × 1-hour lecture (recording) and 1 × 2-hour tutorial (lab session or online). Tutorials commence in Week 1.
• The timetable for classes can be found on the university website at: http://timetable.mq.edu.au

Required and Recommended Texts and/or Materials

Prescribed text:

Recommended text:

Technology Used and Required

• Students will need to have access to a personal computer, with access to the Internet and word processor software.
• In laboratories, we will use MS-Word, MS-Excel, and Tableau software.

Unit Web Page

• The web page for this unit can be found at: iLearn http://ilearn.mq.edu.au
• All announcements and resources will be available on the web site. Resource materials include lecture slides, tutorial exercises and assessment materials. There is also a forum for student interaction and contact with faculty. You should consult the course Website several times per week for messages and updates.

Satisfactory Completion of Unit

It is normally expected that students attempt all assessment tasks for this unit. Students are
required to accumulate at least 50% of the total marks possible in order to satisfactorily pass this unit.

**Unit Schedule**

Please refer to iLearn for details.

**Policies and Procedures**

Macquarie University policies and procedures are accessible from [Policy Central](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- Fitness to Practice Procedure
- Assessment Procedure
- Complaints Resolution Procedure for Students and Members of the Public
- Special Consideration Policy

Students seeking more policy resources can visit [Student Policies](https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central](https://policies.mq.edu.au) and use the search tool.

**Student Code of Conduct**

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: [https://students.mq.edu.au/admin/other-resources/student-conduct](https://students.mq.edu.au/admin/other-resources/student-conduct)

**Results**

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit [ask.mq.edu.au](http://ask.mq.edu.au) or if you are a Global MBA student contact [globalmba.support@mq.edu.au](mailto:globalmba.support@mq.edu.au)

**Academic Integrity**

At Macquarie, we believe **academic integrity** – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free **online writing and maths support**, **academic skills development** and **wellbeing consultations**.
Student Support

Macquarie University provides a range of support services for students. For details, visit http://students.mq.edu.au/support/
