Students explore methods of musical theatre creation, appreciation and performance through industry case studies and the production of collaborative group projects in which students assume defined roles. No prior discipline-specific knowledge is required.

Performances and/or presentations **are to be from memory**. That is, there is to be no reading of lyrics, music or scripts.

Referencing Style

For all written work, students **are required to use the APA 7th referencing style** for all in-text referencing, reference lists and spoken introductions. This also includes references for recorded material as appropriate.

Please use the Library databases for your own research purposes and do not use Wikipedia as a reference.

Recording of Assessed Performances

Due to copyright issues, no practical assessments (group or solo) may be recorded or posted on social media by students in either audio or video format.

Return of marked work

Formal and informal feedback will be issued throughout the session.

iLearn Forums

Due to copyright issues, the posting of lyrics, sheet music and/or videos on iLearn is not permitted. If appropriate, please post only links to resources such as websites/YouTube. Please ensure that these are legitimate sites (e.g., artist's websites).

Late Assessment Submission Penalty

Unless a Special Consideration request has been submitted and approved, **a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted**, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 23:55. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). **Late submission of time sensitive tasks** (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) **will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.**

Due: **15/09 by 23:55 (Mid-session recess)**

Weighting: **50%**

Students will prepare an essay responding to guidelines available in iLearn. Students will use academic sources and examples from their own research to support the identification and evaluation of the components of musical theatre production/s. Refer to iLearn for further information.

On successful completion you will be able to:

- identify and analyse a broad range of musical theatre productions and genres.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Lectures will commence in **Week 1**. Tutorials will commence in **Week 2**.

Required Readings and Resources

Required readings are available through Leganto.

Additional Resources

Additional resources will be introduced in lectures and/or tutorials, and iLearn, as appropriate.

Student Learning

Students will be formed into groups to complete the Performance Project. Group members will all be part of the same tutorial group. Tutorials will be used to discuss strategies to construct the performances. The performed component of this task will need to be completed as a compiled video recording. Details will be discussed in online zoom tutorials.

Due to the practical and interactive components of this unit, students are asked to view weekly lectures and participate in weekly tutorials, to read the essential readings prior to attending weekly lectures, to conduct individual research, and to work on vocal development progressively throughout the session. Students therefore need to devise a progressive rehearsal schedule that enables regular practice of vocal exercises. An indicative allocation of 27 hours is an estimate of the time required to complete additional research and practice. This is in addition to the hours allocated for each assessment task.

Vocal Health and Care

Students should have access to bottled room temperature water in all tutorials and during individual practice. Students are requested to advise their convenor/tutor of any vocal health issues.

Feedback

Formal and informal feedback will be available throughout the session, as verbal feedback during tutorials and consultations, and written feedback on assessment tasks.

Technologies used and required

A computer and Internet access are required. Basic audio and video playback/recording facility is also required (e.g. via smartphone or computer).
