**Unit description**
This unit provides an introduction to the fields of intelligence and counterintelligence. It focuses on the tactical, operational and strategic levels of security, as well as the role of intelligence organisations in protecting the state and its citizens from both domestic and foreign threats. Students will gain a deep understanding of the history of intelligence, the key national intelligence agencies in Australia, the intelligence cycle and its application, and the relationship between policing and intelligence in domestic security. Students will engage with key case studies to further understand these issues and dynamics.

---

# Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at [https://www.mq.edu.au/study/calendar-of-dates](https://www.mq.edu.au/study/calendar-of-dates)

# Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1**: Identify key agencies and functions in Australia’s national security community.

**ULO2**: Analyze and explain the various public sector law enforcement and intelligence roles which contribute to both domestic and international security.

**ULO3**: Critically assess the integration of surveillance, intelligence and law enforcement in protecting the state from threats and vulnerabilities and demonstrate knowledge of intelligence analytical, collection and production processes.

**ULO4**: Identify and debate challenges to relationship building between sectors relevant to national security at all levels of operations.
ULO5: Assess both domestic and international security issues impacting Australia in the Indo-Asia-Pacific region and consider their impact on Australia’s intelligence agencies, from a governmental, private sector and societal perspective.

ULO6: Make judgments on the strategic and operational needs of intelligence and law enforcement agencies in relation to legal, ethical and policy constraints.

Midterm Exam

Assessment Type: Quiz/Test
Indicative Time on Task: 10 hours
Due: Week 7 - April Friday 7 to April Friday 14
Weighting: 20%

This online, non-invigilated, iLearn-based examination will cover lecture and required reading material. All questions will be based on material delivered in both recorded in-class lectures (available on ECHO360 in iLearn) and material contained in required readings for each weekly session.

On successful completion you will be able to:

- Identify key agencies and functions in Australia’s national security community.
- Analyze and explain the various public sector law enforcement and intelligence roles which contribute to both domestic and international security.
- Identify and debate challenges to relationship building between sectors relevant to national security at all levels of operations.
Intelligence Estimate & Issue Paper

Assessment Type 1: Professional writing
Indicative Time on Task 2: 35 hours
Due: **Week 11 Friday May 19**
Weighting: **30%**

Students will prepare an Intelligence Estimate based on a selected subject chosen from a list posted to the iLearn page. From the Intelligence Estimate, prepare a One-Page Issue Paper summarising your assessments in the Intelligence Estimate.

On successful completion you will be able to:
- Identify key agencies and functions in Australia’s national security community.
- Critically assess the integration of surveillance, intelligence and law enforcement in protecting the state from threats and vulnerabilities and demonstrate knowledge of intelligence analytical, collection and production processes.
- Identify and debate challenges to relationship building between sectors relevant to national security at all levels of operations.
- Assess both domestic and international security issues impacting Australia in the Indo-Asia-Pacific region and consider their impact on Australia’s intelligence agencies, from a governmental, private sector and societal perspective.
- Make judgments on the strategic and operational needs of intelligence and law enforcement agencies in relation to legal, ethical and policy constraints.

Analytical Brief

Assessment Type 1: Presentation
Indicative Time on Task 2: 20 hours
Due: **Week 5 March Wednesday 22**
Weighting: **25%**

This task requires students to build a Microsoft Powerpoint briefing presentation on an assigned analytical topic, employing intelligence research and analysis to evaluate and assess capabilities, vulnerabilities, risks and threats, as well as opportunities and projected future developments or projections (predictive analysis). Students will gain experience in brief preparation, intelligence research and analytical assessment.
On successful completion you will be able to:

- Critically assess the integration of surveillance, intelligence and law enforcement in protecting the state from threats and vulnerabilities and demonstrate knowledge of intelligence analytical, collection and production processes.
- Assess both domestic and international security issues impacting Australia in the Indo-Asia-Pacific region and consider their impact on Australia's intelligence agencies, from a governmental, private sector and societal perspective.
- Make judgments on the strategic and operational needs of intelligence and law enforcement agencies in relation to legal, ethical and policy constraints.

Constructive Engagement
Assessment Type: Participatory task
Indicative Time on Task: 13 hours
Due: Ongoing
Weighting: 5%

This assessment task is designed to promote student engagement, not only with the lecture materials and required readings, but through other readings, monitoring world events and in the context of presented questions, constructively engaging in considered and critical discussion with other students, moderated by the lecturer or tutor. Online and in-class discussion broadens student perspectives and value adds to course subject matter.

On successful completion you will be able to:

- Identify key agencies and functions in Australia's national security community.
- Analyze and explain the various public sector law enforcement and intelligence roles which contribute to both domestic and international security.
- Critically assess the integration of surveillance, intelligence and law enforcement in protecting the state from threats and vulnerabilities and demonstrate knowledge of intelligence analytical, collection and production processes.
- Identify and debate challenges to relationship building between sectors relevant to national security at all levels of operations.
- Assess both domestic and international security issues impacting Australia in the Indo-Asia-Pacific region and consider their impact on Australia's intelligence agencies, from a governmental, private sector and societal perspective.
Final Exam

Assessment Type 1: Quiz/Test
Indicative Time on Task 2: 10 hours
Due: Week 13 Friday 2 June to Friday 9 June
Weighting: 20%

This online, non-invigilated, iLearn-based examination will cover lecture and required reading material. All questions will be based on material delivered in both recorded in-class lectures (available on ECHO360 in iLearn) and material contained in required readings for each weekly session.

On successful completion you will be able to:

• Identify key agencies and functions in Australia’s national security community.
• Analyze and explain the various public sector law enforcement and intelligence roles which contribute to both domestic and international security.
• Critically assess the integration of surveillance, intelligence and law enforcement in protecting the state from threats and vulnerabilities and demonstrate knowledge of intelligence analytical, collection and production processes.
• Identify and debate challenges to relationship building between sectors relevant to national security at all levels of operations.
• Assess both domestic and international security issues impacting Australia in the Indo-Asia-Pacific region and consider their impact on Australia's intelligence agencies, from a governmental, private sector and societal perspective.

1 If you need help with your assignment, please contact:
   • the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
   • the Writing Centre for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources
UNIT REQUIREMENTS AND EXPECTATIONS

- You should spend an average of 12 hours per week on this unit. This includes listening to lectures prior to seminar or tutorial, reading weekly required materials as detailed in iLearn, participating in Ilearn discussion forums and preparing assessments.
- Internal students are expected to attend all seminar or tutorial sessions, and external students are expected to make significant contributions to on-line activities.
- In most cases students are required to attempt and submit all major assessment tasks in order to pass the unit.

REQUIRED READINGS

- The citations for all the required readings for this unit are available to enrolled students through the unit iLearn site, and at Macquarie University's library site. Electronic copies of required readings may be accessed through the library or will be made available by other means.

TECHNOLOGY USED AND REQUIRED

- Computer and internet access are essential for this unit. Basic computer skills and skills in word processing are also a requirement.
- This unit has an online presence. Login is via: https://ilearn.mq.edu.au/
- Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.
- Information about IT used at Macquarie University is available at http://students.mq.edu.au/it_services/

SUBMITTING ASSESSMENT TASKS

- All text-based assessment tasks are to be submitted, marked and returned electronically. This will only happen through the unit iLearn site.
- Assessment tasks must be submitted as a MS word document by the due date.
- Most assessment tasks will be subject to a 'Turnitin' review as an automatic part of the submission process.
- The granting of extensions is subject to the university’s Special Consideration Policy. Extensions will not be granted by unit conveners or tutors, but must be lodged through Special Consideration: https://students.mq.edu.au/study/my-study-program/special-consi
LATE SUBMISSION OF ASSESSMENT TASKS

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of ‘0’ (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.

WORD LIMITS FOR ASSESSMENT TASKS

- Stated word limits include footnotes and footnoted references, but not bibliography, or title page.
- Word limits can generally deviate by 10% either over or under the stated figure.
- If the number of words deviates from the limit by more than 10%, then penalties will apply. These penalties are 5% of the awarded mark for every 100 words deviation from the word limit. If a paper is 300 words over, for instance, it will lose 3 x 5% = 15% of the total mark awarded for the assignment. This percentage is taken off the total mark, i.e. if a paper was graded at a credit (65%) and was 300 words over, it would be reduced by 15 marks to a pass (50%).
- The application of this penalty is at the discretion of the course convener.

REASSESSMENT OF ASSIGNMENTS DURING THE SEMESTER

- Macquarie University operates a Grade Appeal Policy in cases where students feel their work was graded inappropriately: http://www.mq.edu.au/policy/docs/gradeappeal/policy.html
- In accordance with the Grade Appeal Policy, individual works are not subject to regrading.
STAFF AVAILABILITY

- Department staff will endeavour to answer student enquiries in a timely manner. However, emails or iLearn messages will not usually be answered over the weekend or public holiday period.
- Students are encouraged to read the Unit Guide and look at instructions posted on the iLearn site before sending email requests to staff.

Policies and Procedures

Macquarie University policies and procedures are accessible from Policy Central (https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- Fitness to Practice Procedure
- Assessment Procedure
- Complaints Resolution Procedure for Students and Members of the Public
- Special Consideration Policy

Students seeking more policy resources can visit Student Policies (https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit Policy Central (https://policies.mq.edu.au) and use the search tool.

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/admin/other-resources/student-conduct

Results

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Academic Integrity

At Macquarie, we believe academic integrity – honesty, respect, trust, responsibility, fairness and
courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free online writing and maths support, academic skills development and wellbeing consultations.

**Student Support**

Macquarie University provides a range of support services for students. For details, visit [http://students.mq.edu.au/support/](http://students.mq.edu.au/support/)

**The Writing Centre**

The Writing Centre provides resources to develop your English language proficiency, academic writing, and communication skills.

- Workshops
- Chat with a WriteWISE peer writing leader
- Access StudyWISE
- Upload an assignment to Studiosity
- Complete the Academic Integrity Module

The Library provides online and face to face support to help you find and use relevant information resources.

- Subject and Research Guides
- Ask a Librarian

**Student Services and Support**

Macquarie University offers a range of Student Support Services including:

- IT Support
- Accessibility and disability support with study
- Mental health support
- Safety support to respond to bullying, harassment, sexual harassment and sexual assault
- Social support including information about finances, tenancy and legal issues
- Student Advocacy provides independent advice on MQ policies, procedures, and processes

**Student Enquiries**

Got a question? Ask us via AskMQ, or contact Service Connect.

**IT Help**

For help with University computer systems and technology, visit [http://www.mq.edu.au/about_us/](http://www.mq.edu.au/about_us/)
When using the University's IT, you must adhere to the Acceptable Use of IT Resources Policy. The policy applies to all who connect to the MQ network including students.
