Unit description
This unit introduces students to the dynamics of modern warfare. War is a complex thing and force continues to be employed extensively by a range of state and non-state actors with major implications for national, international, and human security. The unit provides students with the theoretical tools required to make sense of the different forms and levels of modern warfare as well as the operational concepts and approaches which underpin its conduct. The unit critically considers a range of pressing issues and debates relating to the practice of warfare, with a particular emphasis on the impact of new technologies, the role of information, and ethical considerations. Through detailed analysis of contemporary military operations, students will learn to assess the utility of force by examining its political effects and consequences.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Demonstrate understanding of the enduring intersection of politics and warfare, and explain the role of strategy in connecting the two.
ULO2: Demonstrate knowledge of the considerations that inform the planning and conduct of military operations (including logistics, doctrine, tactics, and law) and apply that abstract knowledge to real-world cases.
ULO3: Identify and critically analyse different forms of modern warfare.
ULO4: Discuss the influence of new technologies and the role of information on the character of modern warfare.
ULO5: Examine the human impact of modern warfare on both combatants and civilians.
ULO6: Demonstrate the ability to write clear and concise analyses for a policy audience.

Active Engagement
Assessment Type 1: Participatory task
Indicative Time on Task 2: 10.00 hours
Due: Ongoing
Weighting: 10%

Active engagement by students will increase the unit's value as an exercise in critical thinking, analysis, and communication. Internal students will demonstrate active engagement in tutorials; external students will demonstrate it by contributing to online activities.

On successful completion you will be able to:
- Demonstrate understanding of the enduring intersection of politics and warfare, and explain the role of strategy in connecting the two.
- Identify and critically analyse different forms of modern warfare.
- Discuss the influence of new technologies and the role of information on the character of modern warfare.
- Examine the human impact of modern warfare on both combatants and civilians.

Quizzes
Assessment Type 1: Quiz/Test
Indicative Time on Task 2: 16.00 hours
Due: Weeks 4, 7, 9 and 12
Weighting: 25%

A series of quizzes will be administered over the course of the semester to assess knowledge and understanding of all the unit materials, including lectures, case studies, and readings.

On successful completion you will be able to:
- Identify and critically analyse different forms of modern warfare.
- Discuss the influence of new technologies and the role of information on the character of modern warfare.
- Examine the human impact of modern warfare on both combatants and civilians.

Policy Memo
Assessment Type 1: Professional writing
The policy memo is a written brief addressed to a high-level policy-maker who is considering, but not committed to, the use of force in a particular situation to advance the government's interests. The memo will identify and analyze the political and strategic factors that should inform the policy-maker's decision, and recommend a particular course of action.

On successful completion you will be able to:
- Demonstrate understanding of the enduring intersection of politics and warfare, and explain the role of strategy in connecting the two.
- Demonstrate knowledge of the considerations that inform the planning and conduct of military operations (including logistics, doctrine, tactics, and law) and apply that abstract knowledge to real-world cases.
- Demonstrate the ability to write clear and concise analyses for a policy audience.

Research Essay
Assessment Type: Essay
Indicative Time on Task: 30.00 hours
Due: 31 October 2023
Weighting: 40%

Students will produce a research essay from a list of topics covered in the unit. This task allows students to explore a research topic in depth and to develop their research skills.

On successful completion you will be able to:
- Demonstrate understanding of the enduring intersection of politics and warfare, and explain the role of strategy in connecting the two.
- Demonstrate knowledge of the considerations that inform the planning and conduct of military operations (including logistics, doctrine, tactics, and law) and apply that abstract knowledge to real-world cases.
- Discuss the influence of new technologies and the role of information on the character of modern warfare.
- Examine the human impact of modern warfare on both combatants and civilians.
1 If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the **Writing Centre** for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

### Delivery and Resources

#### UNIT REQUIREMENTS AND EXPECTATIONS

- You should spend an average of 12 hours per week on this unit. This includes listening to lectures prior to seminar or tutorial, reading weekly required materials as detailed in iLearn, participating in Ilearn discussion forums and preparing assessments.

- Internal students are expected to attend all seminar or tutorial sessions, and external students are expected to make significant contributions to on-line activities.

- In most cases students are required to attempt and submit all major assessment tasks in order to pass the unit.

#### REQUIRED READINGS

- The citations for all the required readings for this unit are available to enrolled students through the unit iLearn site, and at Macquarie University’s library site. Electronic copies of required readings may be accessed through the library or will be made available by other means.

#### TECHNOLOGY USED AND REQUIRED

- Computer and internet access are essential for this unit. Basic computer skills and skills in word processing are also a requirement.

- This unit has an online presence. Login is via: [https://i learn.mq.edu.au/](https://i learn.mq.edu.au/)

- Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.

- Information about IT used at Macquarie University is available at [http://students.mq.edu.au/it_services/](http://students.mq.edu.au/it_services/)

### SUBMITTING ASSESSMENT TASKS
All text-based assessment tasks are to be submitted, marked and returned electronically. This will only happen through the unit iLearn site.

Assessment tasks must be submitted as a MS word document by the due date.

Most assessment tasks will be subject to a 'TurnitIn' review as an automatic part of the submission process.

The granting of extensions is subject to the university’s Special Consideration Policy. Extensions will not be granted by unit conveners or tutors, but must be lodged through Special Consideration: https://students.mq.edu.au/study/my-study-program/special-consideration

LATE SUBMISSION OF ASSESSMENT TASKS

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of 0 (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.

WORD LIMITS FOR ASSESSMENT TASKS

- Stated word limits include footnotes and footnoted references, but not bibliography, or title page.

- Word limits can generally deviate by 10% either over or under the stated figure.

- If the number of words deviates from the limit by more than 10%, then penalties will apply. These penalties are 5% of the awarded mark for every 100 words deviation from the word limit. If a paper is 300 words over, for instance, it will lose 3 x 5% = 15% of the total mark awarded for the assignment. This percentage is taken off the total mark, i.e. if a paper was graded at a credit (65%) and was 300 words over, it would be reduced by 15 marks to a pass (50%).

- The application of this penalty is at the discretion of the course convener.

REASSESSMENT OF ASSIGNMENTS DURING THE SEMESTER

- Macquarie University operates a Final Grade Appeal procedure as part of the
Assessment policy in cases where students feel their work was graded inappropriately:

- In accordance with the Grade Appeal procedure, individual works are not subject to regrading.

**STAFF AVAILABILITY**

- Department staff will endeavour to answer student enquiries in a timely manner. However, emails or iLearn messages will not usually be answered over the weekend or public holiday period.

- Students are encouraged to read the Unit Guide and look at instructions posted on the iLearn site before sending email requests to staff.

**Policies and Procedures**

Macquarie University policies and procedures are accessible from Policy Central (https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- Fitness to Practice Procedure
