Unit description
The Department of Security Studies and Criminology (SSC) offers a unique opportunity for students to complete a security industry-focused internship as part of their Masters degree. There are a number of companies and organisations that host SSC post-graduate interns, including multinational consulting and insurance firms, think tanks, non-government organisations (NGO), defence contractors, and both public service regulatory and policing organisations. Expressions of Interest must be submitted to the course convenor. The timeline for submission is: for Session 2 participation by 15 April each year; for Session 1 participation by 15 September each year. Internship placements are made by matching student interests and study stream specialties as much as possible, but student flexibility is required due to the limited number of partnering agencies. Students are able to experience real-world, professional settings in a security organisation's workplace. SSC cannot guarantee any particular workplace and placements are made through a competitive selection process; a minimum grade point average of 70% is required to apply. Students may nominate their own internship placements in a relevant security organisation upon unit convenor approval.

Workplace Supervisor's Report
Assessment Type 1: Work-integrated task
Indicative Time on Task 2: 26 hours
Due: Week 13
Weighting: 60%

The workplace supervisor’s report will be completed by the student’s supervisor at the host organisation on completion of their internship. The report is based on the supervisor’s assessment of the student’s performance during the internship.

On successful completion you will be able to:

- Demonstrate professional, technical competence and appraise workplace learning using reflective practice and on the job training skills.
- Apply knowledge gained during student's program of study to complex workplace situations; work independently and to professional standards.
• Exhibit legal and ethical workplace standards of performance and care.

Placement Report
Assessment Type: Reflective Writing
Indicative Time on Task: 20 hours
Due: Week 13
Weighting: 20%

The placement report is a discussion piece about the student’s own role within the host organisation. The first section of the report should include a broad description of the projects and functions the student has undertaken, a description of key events and outline competencies acquired during the internship. The second part of the report should examine how the practical realities of the workplace either differed to or consolidated the more theoretical knowledge gained during the student’s degree. Importantly, the report should provide an in-depth and honest self-assessment of the student’s performance during their placement.

On successful completion you will be able to:
• Demonstrate professional, technical competence and appraise workplace learning using reflective practice and on the job training skills.
• Apply knowledge gained during student’s program of study to complex workplace situations; work independently and to professional standards.
• Exhibit legal and ethical workplace standards of performance and care.

Organisational Review
Assessment Type: Work-integrated task
Indicative Time on Task: 20 hours
Due: Week 8
Weighting: 20%

The organisational review is a discussion piece situating the host organisation within the broader Australian national security framework. It should give consideration to both national and organisational history and context and the function of the host organisation. It should demonstrate awareness of and engagement with the national or international security issues or trends that form the primary focus of the organisation’s activities.

On successful completion you will be able to:
• Demonstrate professional, technical competence and appraise workplace learning using
reflective practice and on the job training skills.

- Apply knowledge gained during student's program of study to complex workplace situations; work independently and to professional standards.

1 If you need help with your assignment, please contact:
   - the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
   - the Writing Centre for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

UNIT REQUIREMENTS AND EXPECTATIONS

- You should spend an average of 12 hours per week on this unit. This includes listening to lectures prior to seminar or tutorial, reading weekly required materials as detailed in iLearn, participating in iLearn discussion forums and preparing assessments.

- Internal students are expected to attend all seminar or tutorial sessions, and external students are expected to make significant contributions to on-line activities.

- In most cases students are required to attempt and submit all major assessment tasks in order to pass the unit.

REQUIRED READINGS

- The citations for all the required readings for this unit are available to enrolled students through the unit iLearn site, and at Macquarie University's library site. Electronic copies of required readings may be accessed through the library or will be made available by other means.

TECHNOLOGY USED AND REQUIRED

- Computer and internet access are essential for this unit. Basic computer skills and skills in word processing are also a requirement.

- This unit has an online presence. Login is via: https://ilearn.mq.edu.au/

- Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.

- Information about IT used at Macquarie University is available at http://students.mq.edu.au
SUBMITTING ASSESSMENT TASKS

• All text-based assessment tasks are to be submitted, marked and returned electronically. This will only happen through the unit iLearn site.

• Assessment tasks must be submitted as a MS word document by the due date.

• Most assessment tasks will be subject to a 'TurnitIn' review as an automatic part of the submission process.

• The granting of extensions is subject to the university’s Special Consideration Policy. Extensions will not be granted by unit conveners or tutors, but must be lodged through Special Consideration: https://students.mq.edu.au/study/my-study-program/special-consideration

LATE SUBMISSION OF ASSESSMENT TASKS

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of, 0 (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.

WORD LIMITS FOR ASSESSMENT TASKS

• Stated word limits include footnotes and footnoted references, but not bibliography, or title page.

• Word limits can generally deviate by 10% either over or under the stated figure.

• If the number of words deviates from the limit by more than 10%, then penalties will apply. These penalties are 5% of the awarded mark for every 100 words deviation from the word limit. If a paper is 300 words over, for instance, it will lose 3 x 5% = 15% of the total mark awarded for the assignment. This percentage is taken off the total mark, i.e. if a paper was graded at a credit (65%) and was 300 words over, it would be reduced by 15 marks to a pass (50%).
The application of this penalty is at the discretion of the course convener.

**REASSESSMENT OF ASSIGNMENTS DURING THE SEMESTER**

- Macquarie University operates a Final Grade Appeal procedure as part of the Assessment policy in cases where students feel their work was graded inappropriately: https://policies.mq.edu.au/document/view.php?id=277
- In accordance with the Grade Appeal procedure, individual works are not subject to regrading.

**STAFF AVAILABILITY**

- Department staff will endeavour to answer student enquiries in a timely manner. However, emails or iLearn messages will not usually be answered over the weekend or public holiday period.
- Students are encouraged to read the Unit Guide and look at instructions posted on the iLearn site before sending email requests to staff.

**Policies and Procedures**

Macquarie University policies and procedures are accessible from Policy Central (https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
