Unit description

This unit requires students to draw on theoretical and discipline knowledge and use these to engage actively in a current and topical policy problem. The students will have opportunities to consult experts in a given policy area and identify relevant evidence, expert opinion and stakeholder views. Students will explore a range of problem definitions and scenarios, and consider alternative policy solutions. Students will develop and present a comprehensive and constructive policy proposal which demonstrates an awareness of ethical, political, social, economic and cultural factors which are significant in the specific policy context.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Identify, critically analyse and synthesise evidence which is relevant to policy making from a wide range of cross-disciplinary sources.

ULO2: Apply theoretical material related to public policy to a specific real-world policy problem.

ULO3: Critically consider a range of factors affecting problem definition and the development of appropriate policy solutions.

ULO4: Identify and respond to ethical, political, social, economic and cultural factors which are significant in a specific policy context.

ULO5: Communicate policy recommendations effectively and appropriately to specialist and non-specialist audiences.

Delivery and Resources

POIR8000 is designed to be largely self directed. The unit consists of four modules with resources and activities provided through iLearn. For each module a 2 hour seminar will be held for on campus students and recorded for online students. All students will have an opportunity to ask questions in advance and all students are able to attend.

Seminars will be held in Weeks 2, 5, 8 and 11. Modules are organised to allow time in the first week of each module to read the set material and identify questions. The second week will include the seminar. Comments and responses in the discussion forums will be made in the second and third weeks. Week 13 is left free to focus on finalising the final assignment.

Unit Schedule

The unit will be organised around four modules.

- 1. What is a policy problem: defining problems and end users (TF)
- 2. Policy Design (BSB)
- 3. Implementation and communication (TF)
- 4. Evaluation and redesign (BSB)

Policies and Procedures

Academic Integrity

At Macquarie, we believe <u>academic integrity</u> – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free <u>online writing and maths support</u>, academic skills development and wellbeing consultations.

Late Assessment Submission Penalty

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of, 0 (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/ exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.
