Unit description

This unit is designed to enable students to acquire the knowledge necessary to identify the need for organisational change, establish the principles of organisational change from an organisational psychological perspective, and evaluate the outcomes of organisational change, particularly in terms of the psychological demands on workers. Students will be introduced to survey design and development to meet a range of purposes and will learn about the practical aspects of survey administration.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Describe and apply theories and models of change management and organisational development.

ULO2: Identify and compare evidence-based individual, group, and organisational-wide approaches to organisational change/development interventions

ULO3: Apply competence in diagnosing, planning, implementing, and evaluating an organisational change/development intervention

ULO4: Demonstrate specialised application of interpersonal skills that enable effective oral and written communication with organisational clients throughout a change/development process

ULO5: Demonstrate an advanced understanding of the application of skills required when designing, administering, and reporting surveys in an organisational setting, including ethical issues.

General Assessment Information

Grade descriptors and other information concerning grading are contained in the [Macquarie University Assessment Policy](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the [Assessment Procedure](#) (clause 128).

To pass this unit, you must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or better.

Further details for each assessment task will be available on iLearn.

Late Submissions

Unless a Special Consideration request has been submitted and approved, a 5% penalty (OF THE TOTAL POSSIBLE MARK) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For example:

Number of days (hours) late	Total Possible Marks	Deduction	Raw mark	Final mark
1 day (1-24 hours)	100	5	75	70
2 days (24-48 hours)	100	10	75	65
3 days (48-72 hours)	100	15	75	60
7 days (144-168 hours)	100	35	75	40
>7 days (>168 hours)	100	-	75	0

Late submission of time sensitive tasks, such as timetabled tests/exams, scheduled performance

assessments/presentations, scheduled practical assessments/labs, will be addressed by the unit convenor in a Special consideration application.

Special Consideration

If you are unable to complete an assessment task on or by the specified date due circumstances that are unexpected, unavoidable, significantly disruptive and beyond your control, you may apply for special consideration in accordance with the [special consideration policy](#). Applications for special consideration must be supported by appropriate evidence and submitted via ask.mq.edu.au.

Assessment Tasks

Name	Weighting	Hurdle	Due
Culture change case Study	60%	No	October 14
Diagnosis in Organisational Settings	40%	No	August 26

Culture change case Study

Assessment Type ¹: Case study/analysis

Indicative Time on Task ²: 65 hours

Due: **October 14**

Weighting: **60%**

In this case study analysis, students are required to link culture and culture change theories with organisational development interventions in a real business situation. It highlights the practical and theoretical issues involved in identifying cultural challenges in designing and implementing a culture change intervention.

On successful completion you will be able to:

- Describe and apply theories and models of change management and organisational development.
- Identify and compare evidence-based individual, group, and organisational-wide approaches to organisational change/development interventions
- Apply competence in diagnosing, planning, implementing, and evaluating an organisational change/development intervention
- Demonstrate specialised application of interpersonal skills that enable effective oral and written communication with organisational clients throughout a change/development process

Diagnosis in Organisational Settings

Assessment Type ¹: Case study/analysis

Indicative Time on Task ²: 40 hours

Due: **August 26**

Weighting: **40%**

Students are required to respond to a series of cases that describe hypothetical organisational change scenarios and form initial diagnoses, indicate the sources of relevant information, and formulate case analyses.

On successful completion you will be able to:

- Describe and apply theories and models of change management and organisational development.
- Apply competence in diagnosing, planning, implementing, and evaluating an organisational change/development intervention
- Demonstrate an advanced understanding of the application of skills required when designing, administering, and reporting surveys in an organisational setting, including ethical issues.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

As a student enrolled in this unit, you will engage 3 x full-day workshops with a range of learning activities, Details can be found on the iLearn site for this unit.

Technology Used

Active participation in the learning activities throughout the unit will require students to have access to a tablet, laptop or similar device. Students who do not own their own laptop computer may borrow one from the university library.

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

INCLUSION AND DIVERSITY

Social inclusion at Macquarie University is about giving everyone who has the potential to benefit from higher education the opportunity to study at university, participate in campus life and flourish in their chosen field. The University has made significant moves to promote an equitable,

diverse and exciting campus community for the benefit of staff and students. It is your responsibility to contribute towards the development of an inclusive culture and practice in the areas of learning and teaching, research, and service orientation and delivery. As a member of the Macquarie University community, you must not discriminate against or harass others based on their sex, gender, race, marital status, carers' responsibilities, disability, sexual orientation, age, political conviction or religious belief. All staff and students are expected to display appropriate behaviour that is conducive to a healthy learning environment for everyone.

PROFESSIONALISM

In the Faculty of Medicine, Health and Human Sciences, professionalism is a key capability embedded in all our courses.

As part of developing professionalism, students are expected to attend all small group interactive sessions including clinical, practical, laboratory, work-integrated learning (e.g., PACE placements), and team-based learning activities. Some learning activities are recorded (e.g., face-to-face lectures), however you are encouraged to avoid relying upon such material as they do not recreate the whole learning experience and technical issues can and do occur. As an adult learner, we respect your decision to choose how you engage with your learning, but we would remind you that the learning opportunities we create for you have been done so to enable your success, and that by not engaging you may impact your ability to successfully complete this unit. We equally expect that you show respect for the academic staff who have worked hard to develop meaningful activities and prioritise your learning by communicating with them in advance if you are unable to attend a small group interactive session.

Another dimension of professionalism is having respect for your peers. It is the right of every student to learn in an environment that is free of disruption and distraction. Please arrive to all learning activities on time, and if you are unavoidably detained, please join activity as quietly as possible to minimise disruption. Phones and other electronic devices that produce noise and other distractions must be turned off prior to entering class. Where your own device (e.g., laptop) is being used for class-related activities, you are asked to close down all other applications to avoid distraction to you and others. Please treat your fellow students with the utmost respect. If you are uncomfortable participating in any specific activity, please let the relevant academic know.
