Unit description

This unit provides theory and skills training in group processes and group leadership. As with other Units, this Unit is run in an experiential fashion to teach student to analyse group processes of both external and in-class groups. The unit teaches strategies to lead and facilitate group therapy in a variety of contexts and with a variety of clinical client populations (e.g. anxiety, depression, agoraphobia, psychosis). The application group modes for skills training, such as problem solving skills, social skills training and stress management, is taught. Knowledge of and development of skills for self-care practice are presented. Practical considerations inherent in the application of group-treatment approaches, such as the integration of individuals differing with respect to age, sex, diagnosis and religion, are also addressed.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Design, implement and evaluate psychological group intervention programs within the context of a multi-disciplinary team.

ULO2: Review and evaluate the current research and theory in the field of clinical group work, and create group interventions and treatments to test hypotheses generated from a client's presenting issues, particularly with Indigenous Australians.

ULO3: Apply communication skills effectively in writing and through verbal

communication.

ULO4: Evaluate behaviour consistent with the legal requirements, regulatory frameworks, guidelines and code of conduct relevant to psychologists.

ULO5: Analyse the issues and obstacles for delivering effective group interventions, particularly with Indigenous Australians, diverse, and vulnerable populations.

General Assessment Information

Grade descriptors and other information concerning grading are contained in the [Macquarie University Assessment Policy](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the [Assessment Procedure](#) (clause 128).

To pass this unit, you must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or better.

Further details for each assessment task will be available on iLearn.

Late Submissions

Unless a Special Consideration request has been submitted and approved, a 5% penalty (OF THE TOTAL POSSIBLE MARK) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For example:

Number of days (hours) late	Total Possible Marks	Deduction	Raw mark	Final mark
1 day (1-24 hours)	100	5	75	70
2 days (24-48 hours)	100	10	75	65
3 days (48-72 hours)	100	15	75	60
7 days (144-168 hours)	100	35	75	40
>7 days (>168 hours)	100	-	75	0

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to

submit an application for Special Consideration.

Assessment Tasks

Name	Weighting	Hurdle	Due
Group intervention report	50%	No	11:55pm Sunday 10 September 2023
Live Skills demonstration	50%	No	Wednesday 4 or Friday 6 October 2023

Group intervention report

Assessment Type ¹: Report

Indicative Time on Task ²: 51 hours

Due: **11:55pm Sunday 10 September 2023**

Weighting: **50%**

In 2500 words, students will evaluate an appropriate intervention for group therapy.

On successful completion you will be able to:

- Design, implement and evaluate psychological group intervention programs within the context of a multi-disciplinary team.
- Review and evaluate the current research and theory in the field of clinical group work, and create group interventions and treatments to test hypotheses generated from a client's presenting issues, particularly with Indigenous Australians.
- Apply communication skills effectively in writing and through verbal communication.

Live Skills demonstration

Assessment Type ¹: Presentation

Indicative Time on Task ²: 50 hours

Due: **Wednesday 4 or Friday 6 October 2023**

Weighting: **50%**

In groups, students present, for 25 minutes, a scenario for running a group. Students are assessed on their individual contribution to the presentation.

On successful completion you will be able to:

- Evaluate behaviour consistent with the legal requirements, regulatory frameworks,

guidelines and code of conduct relevant to psychologists.

- Analyse the issues and obstacles for delivering effective group interventions, particularly with Indigenous Australians, diverse, and vulnerable populations.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

As a student enrolled in this unit, you will engage in a range of learning activities, including readings, videos, and engagement in workshop activities. Details can be found on the iLearn site for this unit.

Technology Used

Active participation in the learning activities throughout the unit will require students to have access to a tablet, laptop or similar device. Students who do not own their own laptop computer may borrow one from the university library.

This course consists of five workshops from 9am to 4pm. Workshops are interactive and will include lecture components and hands-on skills practice components. Please see iLearn for instructions, slides, additional resources and reading materials relevant for each workshop. These can be found in the allocated section on iLearn for each individual workshop.

Unit Schedule

Workshop 1 (Wednesday August 23rd 2023) Groups 1 Group processes - Norms, Stages and Roles and Cohesion

Workshop 2 (Friday August 25th 2023) Groups 2 Planning a group - Process, Resistance and Check-ins

Workshop 3 (Wednesday August 30th 2023) Groups 3 Diversity, and Final Stages of a group

Workshop 4 (Wednesday September 27th 2023) Live Skills Practice

INCLUSION AND DIVERSITY

Social inclusion at Macquarie University is about giving everyone who has the potential to benefit from higher education the opportunity to study at university, participate in campus life and flourish in their chosen field. The University has made significant moves to promote an equitable, diverse and exciting campus community for the benefit of staff and students. It is your responsibility to contribute towards the development of an inclusive culture and practice in the areas of learning and teaching, research, and service orientation and delivery. As a member of the Macquarie University community, you must not discriminate against or harass others based on their sex, gender, race, marital status, carers' responsibilities, disability, sexual orientation, age, political conviction or religious belief. All staff and students are expected to display

appropriate behaviour that is conducive to a healthy learning environment for everyone.

PROFESSIONALISM

In the Faculty of Medicine, Health and Human Sciences, professionalism is a key capability embedded in all our courses.

As part of developing professionalism, students are expected to attend all small group interactive sessions including clinical, practical, laboratory, work-integrated learning (e.g., PACE placements), and team-based learning activities. Some learning activities are recorded (e.g., face-to-face lectures), however you are encouraged to avoid relying upon such material as they do not recreate the whole learning experience and technical issues can and do occur. As an adult learner, we respect your decision to choose how you engage with your learning, but we would remind you that the learning opportunities we create for you have been done so to enable your success, and that by not engaging you may impact your ability to successfully complete this unit. We equally expect that you show respect for the academic staff who have worked hard to develop meaningful activities and prioritise your learning by communicating with them in advance if you are unable to attend a small group interactive session.

Another dimension of professionalism is having respect for your peers. It is the right of every student to learn in an environment that is free of disruption and distraction. Please arrive to all learning activities on time, and if you are unavoidably detained, please join activity as quietly as possible to minimise disruption. Phones and other electronic devices that produce noise and other distractions must be turned off prior to entering class. Where your own device (e.g., laptop) is being used for class-related activities, you are asked to close down all other applications to avoid distraction to you and others. Please treat your fellow students with the utmost respect. If you are uncomfortable participating in any specific activity, please let the relevant academic know.
