General Assessment Information

Academic honesty

 At all times, students should be aware of and apply the Macquarie University policy on academic honesty (https://policies.mq.edu.au/document/view.php?id=3)

Assessment preparation guidelines

- Allow a left and right-hand margin of at least 2cm in all assignments.
- All assignments should be types using a minimum of Arial, 12-point font and 1.5 spacing.
- Faculty assignment cover sheets are NOT required.
- Students must use the Turnitin Similarity Report as a learning tool to improve their academic writing and, in consideration of the report outcome, attend to any potential academic integrity issues, prior to submission of the final version of the assignment.
- Students are strongly encouraged to upload a draft copy of each assignment to Turnitin
 at least one week prior to the due date to obtain a Turnitin Similarity Report. The Turnitin
 Similarity Report provides students with a similarity index that may indicate if plagiarism
 has occurred. Students will be able to make amendments to their drafts prior to their final
 submission on the due date.

Assessment submission guidelines

The assignment title page should include the student's name, student number, unit code,

title of the assessment and correct submitted word count.

- All assignments must be submitted electronically through Turnitin as a word document –
 do not submit as a pdf.
- It is the responsibility of the student to ensure that all assignments are successfully submitted through Turnitin - students should carefully check that they submit the correct file for an assessment as no re-submissions will be accepted after the due date and time, including instances where students upload an incorrect file in error.
- For written assignments, the Turnitin Similarity Report must also be submitted using the correct Turnitin submission point at the time of assignment submission.
- Online quizzes are an individual assessment task and MUST BE COMPLETED by each student individually. Similarities in responses between students will be checked and investigated for possible collusion.

In submitting responses to an online quiz, students agree that they:

- are not participating in any unacceptable academic activities such as cheating, collusion, deception, fabrication, impersonation, obstruction, plagiarism and/or sabotage.
- have not included content that has previously been submitted for academic credit in this
 or any other unit
- are submitting answers which are their own work
- acknowledge they are aware of, and are acting in accordance with the Macquarie
 University Academic Integrity Policy at: https://policies.mq.edu.au/document/view.php?id=3

Application for Special Consideration – extensions

Applications for Special Consideration - extensions must be made via AskMQ (https://askmq.edu.au/).

Late submission of assessments

- Unless a Special Consideration (see: https://students.mq.edu.au/study/assessment-exa
 ms/special-consideration) request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends).
- After the 7th day, a mark of zero (0) will be awarded even if the assessment is submitted.

- Submission time for all written assessments is set at 11.55pm. A 1 hour grace period is provided to students who experience a technical issue.
- This late penalty will apply to non-timed sensitive assessment (including essays, reports, posters, portfolios, journals, recordings etc). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) will only be addressed by the unit convenor in a Special Consideration application. Special Consideration outcome may result in a new question or topic.

Assessment marking

- Word limits are strictly applied. Work 10% above the word limit will not be marked.
- · All assessments are marked using a rubric.
- · Marking of all assessments is moderated by the Unit Convenor.
- Turnitin plagiarism detection software is used to check all written assessments.

5 Rs Framework

The 5Rs Framework, developed by the School of Education at Macquarie University, is embedded throughout this unit. Your use of the 5Rs Framework will help you develop the capabilities that will make your career sustainable and fulfilling. In this unit, you will learn using the 5Rs framework in the following important ways:

Resilient	Reflexive	Responsive	Ready to learn	Research engaged
Students gain exposure to the disability sector and develop an understanding of the critical role they will play, the need for personal resilience and resilient approaches when supporting people with disability.	Students are encouraged to critically reflect in the context of themselves as a practitioner, their previous and future professional experiences and the engagement they will have with people, organisations and society in general.	The individualised learning content encourages students to be responsive to clients, organisations and critical issues faced in the disability sector. Students are expected to be responsive to the ideas of peers and provide meaningful and supportive feedback.	Students are encouraged to reflect and then identify their own learning needs for their context, to pursue learning that achieves great outcomes for all people they work with now and into the future. Students take responsibility for learning independently as well as fostering collaborative learning in other students.	Students engage with literature and base their practice on evidence. Students practice academic integrity as they learn to explore contemporary and relevant literature.
