Unit description

This unit introduces the skills, techniques and knowledge required by professional interpreters to competently work in specific institutional settings: business interpreting, medical interpreting and legal interpreting. Through a mix of theory and applied practice, students learn about the broader contexts of these domains and then prepare for a simulation of a typical interpreting scenario for each of these settings. Student will build skills in terminology and glossary development, discourse management, message transfer, and reflective self-analysis.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Demonstrate effective interpreting skills and techniques across business, medical and legal interpreting domains.

ULO2: Apply theoretical and contextual knowledge to interpreting practice in these specific settings.

ULO3: Generate creative solutions to complex interpersonal and professional conduct issues arising in interpreting practice.

ULO4: Develop strategies to enable ongoing improvement based on self assessment of

interpreting performance across these settings.

General Assessment Information

Grade descriptors and other information concerning grading are contained in the [Macquarie University Assessment Policy](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the [Assessment Procedure](#) (clause 128).

To pass this unit, you must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or better.

Further details for each assessment task will be available on iLearn.

Late Submissions

Unless a Special Consideration request has been submitted and approved, a 5% penalty (OF THE TOTAL POSSIBLE MARK) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For example:

Number of days (hours) late	Total Possible Marks	Deduction	Raw mark	Final mark
1 day (1-24 hours)	100	5	75	70
2 days (24-48 hours)	100	10	75	65
3 days (48-72 hours)	100	15	75	60
7 days (144-168 hours)	100	35	75	40
>7 days (>168 hours)	100	-	75	0

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.

Assessment Tasks

Name	Weighting	Hurdle	Due
Interpreting performance	50%	No	weeks 4, 8 and 13
Self-assessment report	50%	No	weeks 6, 10 and 15

Interpreting performance

Assessment Type ¹: Simulation/role play

Indicative Time on Task ²: 40 hours

Due: **weeks 4, 8 and 13**

Weighting: **50%**

On three occasions throughout semester, students will take part in a domain-specific simulated role play with an industry practitioner (GP, police officer, business person) and a LOTE (Languages other than English) client. During each role play, students will be filmed, so that they can analyse their performance for a later self-analysis report. Performance will be marked by LOTE tutors, and students will be given feedback.

On successful completion you will be able to:

- Demonstrate effective interpreting skills and techniques across business, medical and legal interpreting domains.
- Apply theoretical and contextual knowledge to interpreting practice in these specific settings.

Self-assessment report

Assessment Type ¹: Reflective Writing

Indicative Time on Task ²: 40 hours

Due: **weeks 6, 10 and 15**

Weighting: **50%**

After the role play sessions, students will be given a copy of their interpretation as a video clip. Students are required to write a report analysing their interpretation and the decisions they made in creating it. Students should discuss any improved decisions that they could make in future.

On successful completion you will be able to:

- Generate creative solutions to complex interpersonal and professional conduct issues arising in interpreting practice.
 - Develop strategies to enable ongoing improvement based on self assessment of interpreting performance across these settings.
-

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

This unit is delivered in blended mode - with weekly online asynchronous lectures and synchronous face to face practical workshop sessions. The workshops will be a combination of full group (across languages) and LOTE-specific practice and feedback opportunities. Via iLearn, students are provided with weekly lecture and tutorial materials, access to readings and video resources related to the topic areas.

As a student enrolled in this unit, you will engage in a range of online and face-to-face learning activities, including readings, online videos and lectures, and practical workshops. Details can be found on the iLearn site for this unit.

All staff and students are expected to display appropriate behaviour that is conducive to a healthy learning environment for everyone.

PROFESSIONALISM

SECTION 7: PROFESSIONALISM

Attendance and participation

In the Translation and Interpreting program, professionalism is a key capability embedded in all our courses. As part of developing professionalism, students are expected to attend all classes and small group interactive sessions including tutorials. As an adult learner, we respect your decision to choose how you engage with your learning, but we would remind you that the learning opportunities we create for you have been done so to enable your success, and that by not engaging you may impact your ability to successfully complete this unit. We equally expect that you show respect for the academic staff who have worked hard to develop meaningful activities and prioritise your learning by communicating with them in advance if you are unable to attend a small group interactive session.

Another dimension of professionalism is having respect for your peers. It is the right of every student to learn in an environment that is free of disruption and distraction. Please arrive to all learning activities on time, and if you are unavoidably detained, please join activity as quietly as possible to minimise disruption. Phones and other electronic devices that produce noise and other distractions must be turned off prior to entering class. Where your own device (e.g., laptop) is being used for class-related activities, you are asked to close down all other applications to avoid distraction to you and others. Please treat your fellow students with the utmost respect. If you are uncomfortable participating in any specific activity, please let the relevant academic know.
