Unit description
To be successful, organisations must develop value-creating marketing strategies and implement them. The core determinant of marketing strategy is the identification of promising target markets and the development of differential competitive advantage and clear positioning. Most importantly, marketing leaders must focus on developing marketing as a strategic partner within organisations.

This unit develops students' knowledge of the process of designing competitive marketing strategies. It focuses on how to identify and develop higher-order objectives and on the role of organisational factors such as culture, strategic orientation and important aspects of market analysis in designing competitive marketing strategies.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

On successful completion of this unit, you will be able to:

ULO1: Analyse and evaluate theories and concepts related to marketing strategy.
ULO2: Identify and evaluate the impact of organisational factors and market forces on designing marketing strategy.
ULO3: Develop higher-order objectives relevant to marketing strategies.
ULO4: Design competitive marketing strategies.
General Assessment Information

Late submissions of assessments

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of ‘0’ will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.

Special Consideration

To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.

Word limits

Anything beyond a stated assessment word limit (other than your reference list) may not be marked. Seek any further clarification from the unit convenor.
