Corequisites

Co-badged status

Unit description

This unit introduces students to the practice and procedures of forensic accounting and the important role played by the forensic accountant in the legal and business environment.

Students will be exposed to the theory and principles of application, of data analytics skills and techniques in relation to fraud detection, fraud and risk exposures, dispute resolution, cyber and financial crimes and legal obligations and processes. The unit aims to develop in students an appreciation of how the application of forensic and data analytics skills and strategies are essential to the role of the forensic accountant as an expert witness and professional advisor.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** Understand the role of forensic accounting and its relationship to the legal system, including the legal, ethical and professional obligations of forensic accountants.
- ULO2:** Identify indicators of fraudulent activity and develop awareness of investigative procedures, including an appreciation of the role of evidence in the litigation process.
- ULO3:** Develop awareness of issues and key principles of professional digital forensic practice, including chain of custody and best practice procedures.

ULO4: Understand the theory, and principles of application, of data analytics skills and techniques to forensic accounting.

ULO5: Recognise mechanisms to uncover or recover evidence from digital devices to support litigation and investigations.

General Assessment Information

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. The above penalties do not apply to class assessments assigned for 'Assessed Coursework', which will receive a grade of '0' unless submitted in the assigned class.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for [Special Consideration](#).

Assessment Tasks

Name	Weighting	Hurdle	Due
Class Test	25%	No	Week 7
Group Assignment	45%	No	Week 13
Assessed Coursework	30%	No	Week 3, Week 4, Week 5, Week 9, Week 10, Week 11, Week 12

Class Test

Assessment Type ¹: Quiz/Test

Indicative Time on Task ²: 10 hours

Due: **Week 7**

Weighting: **25%**

The purpose of the diagnostic test is to provide students with feedback on their knowledge and application of the material using a formative assessment task early in the session. The test will be marked based on the appropriate application of knowledge and skills to short answer and case based questions.

On successful completion you will be able to:

- Understand the role of forensic accounting and its relationship to the legal system, including the legal, ethical and professional obligations of forensic accountants.

- Identify indicators of fraudulent activity and develop awareness of investigative procedures, including an appreciation of the role of evidence in the litigation process.
- Understand the theory, and principles of application, of data analytics skills and techniques to forensic accounting.

Group Assignment

Assessment Type ¹: Report

Indicative Time on Task ²: 25 hours

Due: **Week 13**

Weighting: **45%**

Students are required to complete a group report assignment consisting of individual and group components. Details regarding the nature of the assignment and its requirements will be made available on iLearn early in the session. The properties on which the assessment task is will be assessed are as follows:

Application of knowledge and skills Quality of reasoning and appropriate application of data analytic techniques Quality of communication and presentation of assignment

The Unit Assessment Guide provides standards and a grading rubric for this assessment task.

On successful completion you will be able to:

- Understand the role of forensic accounting and its relationship to the legal system, including the legal, ethical and professional obligations of forensic accountants.
- Identify indicators of fraudulent activity and develop awareness of investigative procedures, including an appreciation of the role of evidence in the litigation process.
- Develop awareness of issues and key principles of professional digital forensic practice, including chain of custody and best practice procedures.
- Understand the theory, and principles of application, of data analytics skills and techniques to forensic accounting.
- Recognise mechanisms to uncover or recover evidence from digital devices to support litigation and investigations.

Assessed Coursework

Assessment Type ¹: Participatory task

Indicative Time on Task ²: 14 hours

Due: **Week 3, Week 4, Week 5, Week 9, Week 10, Week 11, Week 12**

Weighting: **30%**

Students are required to complete regular assessed coursework activities consisting of seven homework submissions. Details on homework questions coverage will be provided in the Unit Weekly Guide available on iLearn. Homework submissions activities are designed to encourage

students to actively engage with the Unit material and to provide students with timely feedback on their performance throughout the session. Homework submissions will be marked on the basis of original effort. The marking criteria to be applied to homework submissions is provided in the Unit Assessment Guide available on iLearn. Each homework submission is equally weighted and the best 5 of 7 homework submissions will count towards your homework submission marks.

On successful completion you will be able to:

- Understand the role of forensic accounting and its relationship to the legal system, including the legal, ethical and professional obligations of forensic accountants.
- Identify indicators of fraudulent activity and develop awareness of investigative procedures, including an appreciation of the role of evidence in the litigation process.
- Develop awareness of issues and key principles of professional digital forensic practice, including chain of custody and best practice procedures.
- Recognise mechanisms to uncover or recover evidence from digital devices to support litigation and investigations.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Please refer to the information on iLearn.

Unit Schedule

Week	Learning Objective	Content	Reading
------	--------------------	---------	---------

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Assessment Procedure](#)
- [Complaints Resolution Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#)

Students seeking more policy resources can visit [Student Policies \(https://students.mq.edu.au/support/study/policies\)](https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au) and use the [search tool](#).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/admin/other-resources/student-conduct>

Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit ask.mq.edu.au or if you are a Global MBA

student contact globalmba.support@mq.edu.au

Academic Integrity

At Macquarie, we believe [academic integrity](#) – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free [online writing and maths support](#), [academic skills development](#) and [wellbeing consultations](#).

Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

The Writing Centre

[The Writing Centre](#) provides resources to develop your English language proficiency, academic writing, and communication skills.

- [Workshops](#)
- [Chat with a WriteWISE peer writing leader](#)
- [Access StudyWISE](#)
- [Upload an assignment to Studiosity](#)
- [Complete the Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)
- [Ask a Librarian](#)

Student Services and Support

Macquarie University offers a range of [Student Support Services](#) including:

- [IT Support](#)
- [Accessibility and disability support](#) with study
- Mental health [support](#)
- [Safety support](#) to respond to bullying, harassment, sexual harassment and sexual assault
- [Social support including information about finances, tenancy and legal issues](#)
- [Student Advocacy](#) provides independent advice on MQ policies, procedures, and processes

Student Enquiries

Got a question? Ask us via [AskMQ](#), or contact [Service Connect](#).

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.
