Unit description
This unit comprises a series of academic lectures and industry seminars accompanied by a case study. The aim of the unit is to provide an up-to-date, integrated treatment of the valuation of businesses and investment opportunities that seriously considers industry practice and recent advances in valuation methods. This unit takes you inside the valuation process, learning it step by step, which resembles the industry valuation practice. You will emerge with the skills to understand the fundamentals of market pricing, perform intrinsic valuations, and make and/or suggest investment decisions with due diligence. The unit will showcase several lectures presented by senior industry specialists. Visit Employability Connect for important information on this unit.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Explain the principles and theory behind each valuation technique.
ULO2: Evaluate business valuation techniques and apply appropriately to real-world problems.
ULO3: Critically reflect on the process of business valuation practices and on working productively in teams when undertaking corporate financial analysis and valuation.
ULO4: Communicate professionally such as in making investment recommendations and providing consultancy advice.

**General Assessment Information**

**Online quizzes**
Assessment Type 1: Quiz/Test Indicative Time on Task 2: 5 hours Due: **Week 4 & 9**
Weighting: **15%**

There are two online quizzes, which aim to assess student progress in the course. The first online quiz (weighting 5%) will comprise 5 - 10 questions. The second quiz (weighting 10%) will comprise 10 - 15 questions.

On successful completion you will be able to:

- Explain the principles and theory behind each valuation technique.
- Evaluate business valuation techniques and apply appropriately to real-world problems.

**Group Report**
Assessment Type 1: Report Indicative Time on Task 2: 30 hours Due: **Week 10** Weighting: **40%**

Students will work in groups to prepare a professional analysis report. 50% of this assessment mark will be allocated to a student’s individual performance, e.g. individual contribution to the report, individual video presentation etc.

On successful completion you will be able to:

- Explain the principles and theory behind each valuation technique.
- Evaluate business valuation techniques and apply appropriately to real-world problems.
- Critically reflect on the process of business valuation practices and on working productively in teams when undertaking corporate financial analysis and valuation.
- Communicate professionally such as in making investment recommendations and providing consultancy advice.

**Final Examination**
Assessment Type 1: Examination Indicative Time on Task 2: 20 hours Due: **University Examination Period** Weighting: **45%**
A two hour exam will be held during the University Examination Period.

On successful completion you will be able to:

- Explain the principles and theory behind each valuation technique.
- Evaluate business valuation techniques and apply appropriately to real-world problems.

1 If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the **Writing Centre** for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

**Late Assessment Submission Penalty (written assessments)**

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of ‘0’ will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for **Special Consideration**.
