Unit description
This unit connects the "Why" to the "How" of investment Management. It applies strategies and techniques employed by successful investment managers for investing to match the required outcomes for these investments, particularly in the accumulation and retirement phases of the superannuation and retirement industry.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Explain the tools and techniques used by industry participants to construct investment portfolios to meet long term objectives.

ULO2: Critically evaluate investment management strategies and solutions and their impact on objectives over time.

ULO3: Develop and defend recommended investment management strategy solution(s) and judgement(s).
General Assessment Information

Late Assessment Submission Penalty (written assessments)

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.
